Admission to Tyler Junior College does not guarantee admission to certain selective programs. Student enrollment in these programs is limited by the following factors, including but not limited to, program capacity, clinical space, prior work experience, academic preparation, prior academic achievement, negative drug screening, and a clear criminal background check. Specific application information and admission policies for the ADN Paramedic-RN Transition Track are outlined in this document. Admission policies/criteria are reviewed each semester and are subject to change between admission periods. Some changes could affect your eligibility for admission to the program.
Thank you for considering the TJC Associate Degree Nursing program to begin your journey of becoming a Registered Nurse!

The Associate Degree Nursing program is a selective admission program. This means enrollment in the program is limited. To be considered for placement into the ADN program you need to submit a separate application.

This document outlines the admission requirements you need to complete before you can submit an application to the ADN program and will guide you through the admission process, helping you successfully prepare your application.

It is your responsibility to ensure that you meet all admission requirements and you submit a complete application that includes any supporting documents.

We’re here to help you throughout this process so you can achieve your goal of becoming a Registered Nurse!

TJC General Admission

You must be accepted as a student at TJC before you can apply to the Associate Degree Nursing (ADN) program. Your application for admission to TJC can be completed and submitted on-line at www.tjc.edu/apply.

When you submit an application to the ADN program you must include your A Number (student ID).

Admission to TJC does not guarantee admission to the ADN program. The number of students admitted to the ADN program is limited and you must submit a separate application to be considered.

Revised 12/19/2019.

Minimum Age Requirement

You must meet the minimum age requirement before you apply to the Associate Degree Nursing program. At the time you submit an application to the ADN program you must be a minimum of 18 years of age.

If you are not 18 years of age on the date you submit an application to the ADN program, your application will be withdrawn and you must reapply in the next admission period in which you meet the age requirement.

Revised 12/19/2019.

Submit Official Transcripts

This requirement has an important deadline. All admission requirement deadlines are provided in the current Admission Forms Packet (available at www.tjc.edu/ADN). If you do not meet this requirement by the deadline, your application is incomplete and cannot be processed.

You must submit an official transcript from each college you have attended even if you have courses in progress or the completed coursework is not required for the AAS, Nursing degree plan.

When you submit a transcript you must:

- Submit an official transcript
- Submit the transcript to the TJC Registrar’s Office
- Submit a transcript with the most recent semester of coursework
- Complete the on-line Transcript Evaluation Request form

For more information go to www.tjc.edu/transcripts.

If a college submits transcripts electronically, contact the TJC Registrar’s office at (903) 510 2400 to verify that TJC is able to accept the electronic version. It is your responsibility to make sure transcript(s) are received.

Revised 12/19/2019.
Visit with an Academic Advisor

We always recommend you schedule an appointment with a Healthcare Professions advisor before submitting an application to the Associate Degree Nursing program.

Our Healthcare Professions advisors can assist you with the following:

- Develop a plan for completing your prerequisite and degree required general education courses
- Help you calculate your estimated Required-Course Grade Point Average (RGPA)
- Review your transfer credit from other colleges/universities
- Help set a goal for when you can apply to the ADN program
- Provide more information on ADN admission policies

To ensure that you get the most out of your advising appointment make sure you have your A Number, a valid government photo ID or TJC student ID, and copies of any official or unofficial transcripts or testing scores.

You can call and schedule an appointment with a Healthcare Professions advisor or you can arrive as a ‘walk in’ and wait for an available advisor. Read more about TJC’s academic advisors.

Healthcare Professions Advising Contact
Rogers Student Center
Second Floor
(903) 510 2662

Need help finding the academic advising office? View the interactive TJC Campus Map!
During clinical rotations you will perform activities that involve direct patient contact with the potential to be exposed to blood or bodily fluids. To maintain a safe clinical environment and to safely participate in clinical activities, you must comply with ADN program health requirements.

As part of your application, you must submit proof of a positive surface antibody titer for each of the following:

- Hepatitis B (anti-HBs)
- Mumps (IgG)
- Measles/Rubeola (IgG)
- Rubella (IgG)
- Varicella (IgG)

A surface antibody titer is a lab test that is conducted on a sample of your blood. The purpose of the test is to determine if you have immunity to a specific disease after receiving the vaccination series.

Revised 12/19/2019.

It is important to begin working on your health requirements as soon as possible. If a titer result is negative, you may have to complete additional vaccines before repeating your titer to retest your immunity. Depending on your immunity status to each disease and the guidelines provided by the Centers for Disease Control & Prevention (CDC), it can take up to 8 months to meet compliance.

---

All health requirement documents must be submitted electronically to CastleBranch (a document tracking service). You need to create your CastleBranch account, purchase your ADN Applicant Tracker and upload your documents before you submit an application.

You don’t have to wait for the open admission period to purchase your health requirement tracker and start submitting your documents. Read more about how to use your CastleBranch account.

Follow the directions to create your account and purchase your tracker:

1. Go to: [www.castlebranch.com](http://www.castlebranch.com)
2. On the top menu at the right, select 'Place Order'
3. Type in the package code: TY04im
4. Select 'Submit'
5. Read and agree to the terms and conditions of use
6. Select 'Continue'
7. Complete the required fields and then purchase your tracker

Revised 12/19/2019.
To apply to the Paramedic-RN Transition track you must:

- Have an active Texas or National Registry Paramedic license before beginning the program.*
  
  You must submit a copy of your Paramedic license showing your full name, issued date, expiration date, and license number.

- Your license must have been issued within the last five years OR you must have been employed as a Paramedic for a minimum of six months within the last five years.
  
  You must submit a completed Employment Verification Form and attach a Job description of the position held. EVF must provide proof of employment as a Paramedic for a minimum of six months within the last five years.

- Maintain an active Paramedic license through the duration of enrollment in the program.

* If you are enrolled in the last semester of a Paramedic program during the semester in which the admission period is open, you are eligible to submit an application.

You must submit an official transcript showing that you are enrolled in your last semester of a Paramedic program during the semester the admission period is open. Upon completion you must submit proof of graduation from the program and proof of your Texas or National Registry Paramedic license by the deadline.

Revised 12/19/2019.

If you do not comply with the license and employment requirements, your application is incomplete and cannot be processed.
> Prerequisite Course Requirements

**This requirement has an important deadline.** All admission requirement deadlines are provided in the current Admission Forms Packet (available at www.tjc.edu/ADN). If you do not meet this requirement by the deadline, your application is incomplete and cannot be processed.

**BIOL 2401 - Anatomy & Physiology I**
- BIOL 2401 must be complete with a grade of ‘C’ or better. You cannot submit an application if BIOL 2401 is ‘in progress’.

**BIOL 2402 - Anatomy & Physiology II***
- BIOL 2402 must be complete with a grade of ‘C’ or better OR must be ‘in progress’ during the semester the admission period is open.
- You must submit proof you finished BIOL 2402 with a grade of ‘B’ or better. See page 9.
- If you withdraw from BIOL 2402 or do not meet the minimum grade your application is incomplete and cannot be processed.

**PSYC 2314 - Lifespan, Growth & Development***

**PSYC 2301 - General Psychology***

**ENGL 1301 - Composition I***

**Language/Philosophy/Cultural Or Creative Arts***
The following courses will be accepted: ENGL 2332, ENGL 2333, HIST 2311, HIST 2312, HUMA 1301, PHIL 1301, PHIL 1304, PHIL 2306, ARTS 1301, DANC 2303, DRAM 1310, MUSI 1306, MUSI 1310.

*These prerequisite courses must be complete with a grade of ‘C’ or better when you submit your application. If not complete, a maximum of two of these courses can be ‘in progress’ during the semester the admission period is open. Once complete you must submit proof that the final grade meets the minimum requirements. See page 9.

Revised 12/19/2019.

Anatomy & Physiology courses expire five years after course completion. If you completed BIOL 2401 and/or BIOL 2402 over five years ago it is expired. See how to renew your expired A&P courses on page 9.

**NEW POLICY:** If you have made more than one attempt at BIOL 2401 and/or BIOL 2402, for each additional attempt made within the last five years, one selection point will be deducted from Stage One points. This includes a course ‘in progress’ or completed with a grade of A, B, C, D, F or W. [Policy effective 08/01/2019]

> General Education Course Requirements

General Education degree required courses do not have to be complete before you submit an application to the ADN program but they must be complete with a grade of ‘C’ or better to be eligible to graduate.

**BIOL 2420 - Microbiology**
BIOL 2420 must be complete before you can register for any RNSG courses or begin the nursing program. If BIOL 2420 is not complete when you submit your application you must provide proof it is complete with the minimum grade.

Revised 12/19/2019.

All courses must be completed in concurrence with the Medic-RN Transition Track AAS, Nursing degree plan.
Submit Proof of an 'In Progress' Course

Degree Works (TJC Enrollment Only)
If you are enrolled in a course at TJC you are not required to submit any additional documentation with your application. Degree Works (a TJC system) must show the course is 'in progress' during the semester the admission period is open.

Unofficial Transcript (External College Enrollment)
If you are enrolled in a course at an external college you must submit one of the following with your application:

- An unofficial transcript showing the course 'in progress' during the semester the admission period is open.
- An official document from the Registrar at the college where you are enrolled verifying the course is 'in progress' during the semester the admission period is open.

When you finish the 'in progress' course you are required to submit proof of your final grade.

Revised 12/19/2019.

Read the 'Prerequisite Course Requirements' section on page 8 to see which prerequisite course(s) are approved to be 'in progress' at the time you submit an application.

Submit Final Grade of an 'In Progress' Course

This requirement has an important deadline. All admission requirement deadlines are provided in the current Admission Forms Packet (available at www.tjc.edu/ADN). If you do not meet this requirement by the deadline, your application is incomplete and cannot be processed.

You must provide proof you successfully finished an 'in progress' course and met the minimum grade requirement with one of the following options:

Degree Works (TJC Enrollment Only)
If you are enrolled in a course at TJC you are not required to submit any additional documentation after you finish the course. Degree Works (a TJC system) must display that the course is complete and meets the minimum grade requirement.

Official Transcript (External College Enrollment)
If you are enrolled in a course at an external college you must submit an official transcript documenting the final grade.

- The official transcript must be submitted to the Associate Degree Nursing Office (RNHS 0.020) by the deadline.

Revised 12/19/2019.
If you take the A&P section of the HESI A2 exam you must meet the following requirements:

- Minimum score of 80%
- HESI scores valid for one year
- Only one attempt at the exam per year
- Cost: approximately $50

You must schedule your exam through the TJC Testing Center using the online scheduler [www.tjctesting.setmore.com](http://www.tjctesting.setmore.com). Select 'Associate Degree Nursing - HESI A2 (RN) Anatomy & Physiology ONLY' and schedule your appointment date and time. Print your appointment confirmation email and take it to your appointment along with your photo ID and form of payment.

You must include a copy of your exam scores with your application.

Revised 12/19/2019.
A Required-Course Grade Point Average (RGPA) is calculated by using the grades of all completed prerequisite and degree required general education courses. An RGPA calculation does not include all of your college course credit. Your final RGPA calculation is different from any GPA listed on a transcript or in Degree Works. You must meet the minimum RGPA requirement at the time you submit your application.

Minimum RGPA Requirement: 2.500

**RGPA Calculation Criteria**

Your RGPA is calculated using the following rules:

- The **most recent grade** for each completed prerequisite or degree required course is used.
- All completed grades of A, B, C, D and F are used.
- If a course is ‘in progress’ and has been completed before, the **current standing grade** is used.
- RGPs will **not** be recalculated to include the final grade after an ‘in progress’ course has been completed.
- If you received credit for a course (no grade is assigned) it cannot be used for RGPA calculation.
- RGPs are calculated to 3 decimal places (0.123).

If you are having difficulty calculating your RGPA and need assistance, schedule an appointment with a Healthcare Professions advisor by calling (903) 510 2662.

### How to Calculate a Required-Course Grade Point Average

1. Write down your most recent grade for each course you have completed. 
   - Grades of ‘D’ and ‘F’ should be included.
   - Grades of ‘W’ should not be included.
2. Next to each grade, assign a ‘Grade Value’ based on the scale below:
   - A = 4  B = 3  C = 2  D = 1  F = 0
3. Next to the ‘Grade Value’, write down the ‘Credit Hours’ for each course.
4. Then for each course, multiply the ‘Grade Value’ (0-4) by the ‘Credit Hours’.
5. This number is the ‘Grade Points’ earned for each course.
6. Add together the ‘Grade Points’ from each course, this is your ‘Total Grade Points’.
7. Add together the ‘Credit Hours’ for each course; this is your ‘Total Credit Hours’.
8. Divide your ‘Total Grade Points’ by your ‘Total Credit Hours’ to get your estimated RGPA.
Entrance Exam Requirements

This requirement has an important deadline. All admission requirement deadlines are provided in the current Admission Forms Packet (available at www.tjc.edu/ADN). If you do not meet this requirement by the deadline, your application is incomplete and cannot be processed.

ATI RN Fundamentals 2019 Requirements*

Your exam score must meet the following requirements:

- You must score a minimum of 51.70% (Level One) or better
- You must have a minimum of 90 days between each attempt
- Scores expire one year from the date they are taken

ATI Critical Thinking Requirements

Your exam score must meet the following requirements:

- There is no minimum score
- You must have a minimum of 90 days between each attempt
- Scores expire one year from the date they are taken

Schedule your ATI Exam Appointment at TJC

Use the steps below to reserve your appointment with the TJC Testing Center and prepare for the exams:

1. Go to: www.tjctesting.setmore.com
2. Select: 'Associate Degree Nursing - ATI RN Fundamentals & Critical Thinking'
3. Select which campus and an appointment time
4. Input the required personal information
5. Click 'submit' to register and receive a confirmation email
7. Print your confirmation email. You need to present this at your testing appointment.

Revised 12/19/2019.

TJC Main Testing Center
Rogers Student Center, Room 279
1400 East 5th Street
Tyler, Texas 75798
(903) 510 2051

TJC West Testing Center
Regional Training & Development Complex, Room 151
1530 South Southwest Loop 323
Tyler, Texas 75701
(903) 510 2993

* Valid ATI RN Fundamentals 2016 scores will be accepted.
Submit Entrance Exam Scores

This requirement has an important deadline. All admission requirement deadlines are provided in the current Admission Forms Packet (available at www.tjc.edu/ADN). If you do not meet this requirement by the deadline, your application is incomplete and cannot be processed.

The ATI RN Fundamentals 2019 & ATI Critical Thinking exams can only be taken at the TJC Testing Center. Your exam scores are available to the ADN department electronically once you have completed each exam.

- You are not required to submit a printed/hard-copy version of your exam scores with your application. These will not be accepted. If you have more than one set of valid entrance scores the highest score will be used.
- The ATI RN Fundamentals 2019 & ATI Critical Thinking exams must be complete and the scores must be available by the deadline. Exams completed after the deadline are not valid.

Revised 12/19/2019.

It is your responsibility to make sure that your ATI RN Fundamentals & ATI Critical Thinking exam scores are complete and available to the ADN office by the deadline.
## Previous/Current Enrollment in a Nursing OR Health Science Program

If you are currently or were previously enrolled in a nursing or health science program your prior/current enrollment could affect your eligibility to submit an application to the Associate Degree Nursing program.

If you have current/prior enrollment in a nursing or a health science program you must submit proof of program completion/graduation OR if you did not complete the program you must submit proof you are/were in good standing with the program.

To be in good standing means you do not have any academic, clinical and/or professional disciplinary actions whilst enrolled in any nursing or health science program.

Use the following tables (page 14 and page 15) to determine which track(s) you are eligible to apply to and what actions or documents you need to complete as part of your application.

If you have any questions or you need help to determine your eligibility to apply to an ADN Track, please contact us at (903) 510 2869 or you can email us at ADNAdmissions@tjc.edu.

Revised 10/01/2019.

If you withdrew from a nursing or health science course and you were failing the course at the time you withdrew, this is considered an unsuccessful attempt at the course.

## Selective Admission Points

Selection into the Paramedic-RN Transition track is based on the points you earn throughout the application process. At the end of each stage, applicants are ranked by selection points from highest to lowest. If there is a tie, the ADN Admissions Committee will split the tie, first by ATI RN Fundamentals 2016 score, then by RGPA.

The Associate Degree Nursing program at Tyler Junior College gives equal consideration to all applicants for admission to the Associate Degree Nursing program without regard to race, color, religion, national origin, gender, gender identity, gender expression, sexual orientation, age, marital status, disability, veteran status or limited English proficiency (LEP).
> Download the Application Forms

The next application forms packet is available to download from the 'How to Apply' section on the TJC ADN website (www.tjc.edu/adn) 7-10 days after the close of the previous admission period.

When you have completed the admission requirements you need to download the application forms for the Paramedic-RN Transition Track.

Read the application instructions carefully. You must complete and submit your application forms as directed and make sure you include any additional documents.

Application forms are specific to each admission period. If you have applied to the ADN program before you need to download and complete the most recent application forms.

It is your responsibility to make sure that your application is filled out correctly, includes any required documents, and that it meets all of the admission requirements.

Revised 12/19/2019.

> Submit your Application

This requirement has an important deadline. All admission requirement deadlines are provided in the current Admission Forms Packet (available at www.tjc.edu/ADN). If you do not meet this requirement by the deadline, your application is incomplete and cannot be processed.

Applications are only accepted during an advertised admission period. The application must be submitted either in person or through the on-line submission form. We do NOT accept application sent through mail, e-mail, or fax.

If you want to apply to more than one ADN track (for example Traditional RN and LVN-RN) you must submit a separate application for each track. If you want to apply to more than one cohort within an ADN track (for example LVN-RN FastTrack and LVN-RN Tyler AM), use the check boxes on the cover sheet to indicate which cohorts you are applying to.

Submit Application In Person

Rogers Nursing & Health Sciences Center
Associate Degree Nursing Office
RNHS 0.020

1200 East 5th Street
Tyler, TX 75798

Office Hours: 8 a.m. to 5:00 p.m.
Applications must be submitted by 12 p.m. on the last day of the admission period.

Submit Application Online

If you submit your application to the on-line submission form it must comply with the following:

- Must be in PDF format
- Must have all documents sent in one submission

An automatic confirmation email will be sent once the submission is complete.

To access the on-line submission form and view the timeline for the current admission period, go to www.TJC.edu/adn, click on "How to Apply", then click on "Submitting Your Application".

Revised 12/19/2019.
At the end of the admission period, the highest qualified applicants are offered conditional acceptance into the Associate Degree Nursing program. Conditional acceptance means you are accepted to begin the program on the condition that you complete clearly defined post-admission requirements by a deadline.

If you do not complete these post-admission conditional acceptance requirements by the deadlines provided to, your offer of conditional acceptance will be withdrawn immediately. A complete new application must be submitted to be considered for selection in the next available admission period.

To be granted full admission status, conditionally accepted students must complete the following requirements:

- Attend mandatory On-Boarding Meeting
  Dates provided on the admission timeline at www.tjc.edu/adn
- Complete HIPAA & OSHA Training
- Negative Drug Test
- Background Check (Texas Board of Nursing clearance)
- CPR Certification
- Tetanus Vaccination
- Negative TB Test
- Seasonal Flu Vaccination
- Compliance with Essential Competencies
  Physical Exam & Student Health History
- Attend ADN SUCCESS Camp Orientation
  Dates provided on the admission timeline at www.tjc.edu/adn

NOTICE: Conditional acceptance requirements do not need to be submitted as part of your application.

Revised 12/19/2019.
