

# A&P Course Quick Guide

Anatomy & Physiology courses require registration in three separate sections: a lecture, a lab and a CAP course. These courses must be submitted to your schedule at the same time, otherwise an error will occur.

**1** Search for *Anatomy & Physiology* in the course registration system.

Course registration can be found through Apache Access. Visit [TJC.edu](http://TJC.edu) to log in.

**2** Click *View Sections* for the chosen A&P course.

**3** Select both a lecture and a lab course by checking the boxes next to the course.

**4** Scroll to the bottom of the page and click *add to worksheet*.

**5** Choose *Class Search* and select *Biology - BIOL*.

**6** Repeat the steps above to select the CAP course that fits your schedule, and then click *Add to Worksheet*.

The CAP course is a mandatory study hall required for all A&P students.

CAP 91 goes with BIOL 2401  
CAP 92 goes with BIOL 2402  
CAP 94 goes with BIOL 2404

**7** Click *Submit Changes* to register for these courses.
