TSI Assessment

TJC does not have an admissions test. However, all incoming students are required to take the **TSI Assessment** or an approved alternative test for all non-exempt students prior to enrolling in college-level courses at TJC.

Some students may be exempt from taking the TSI based on SAT, ACT, TAKS or STAAR tests, their major, as well as other factors such as military veterans or those with an associate degree or higher. [A full list of exemptions can be found here.](#)
