# COMMENCEMENT CEREMONIES

—SPRING 2023—

# MESSAGE FROM THE PRESIDENT

Dear TJC Graduates,

On behalf of the Board of Trustees, Executive Cabinet, Faculty, Staff, and Administration - Congratulations on your very important scholastic and personal achievement!

We are extremely proud of you, because by completing your program of study, your name is being added to a significant and distinguished list of alumni who have positively impacted our wonderful region, our great state and our beautiful nation.

On behalf of everyone from our World Class, Premier, and Award Winning institution, I encourage you to continue to live the powerful values of unity, caring, integrity, empowerment, and excellence in all that you do.

Your legacy as an integral leader for the Black and Gold will always be treasured; therefore, on to honor, on to glory, and on to victory.

**"Feathers Up, Apaches!"**

A stylized, handwritten signature in dark ink, consisting of a large, sweeping loop followed by a smaller loop and a trailing line.

Juan E. Mejia  
President & CEO

# LETTER FROM G.O. CLOUGH, TJC PRESIDENT, 1926

The  
ALPHA 1927

## Administration

G. O. CLOUGH  
*President*

J. M. HODGES  
*Dean*

*To the Students of 1926-1927:*

The organization of the Tyler Junior College last September was a step in line with educational progress. It has afforded opportunity for college work to many of you who probably would not otherwise have had such an advantage. The future of the institution will, in a measure, depend upon you. It has been your privilege and prerogative this year to create, to inaugurate, and also to set a pace. You should be real pioneers. Students of tomorrow shall be called upon to remember, preserve, and transmit your standards and ideals.

The spirit of an institution determines its worth and justifies its claim for support and existence. What shall be the spirit of the Tyler Junior College? As students in the first year of its history, it is yours to say. Shall it be truth, honor, and integrity, or shall it be carelessness and indifference; shall it be earnest, conscientious work, or shall it be any way to get credit?

My vision and my hope for the Tyler Junior College of tomorrow depend upon the earnest, sincere, and ambitious students of today.

G. O. CLOUGH.

# ABOUT TYLER JUNIOR COLLEGE

---

The formal opening of Tyler Junior College was held in the Tyler High School auditorium on Sept. 17, 1926, with 93 students and nine faculty members. Tyler

Superintendent G.O. Clough was named the first president of the College. TJC was one of the early junior colleges established in Texas; and, at the time, there were fewer than 300 such institutions in the United States. In its inaugural year, the College conferred degrees on nine graduates.

Today, TJC is one of the largest community colleges in Texas, with 455 full- and part-time faculty, 567 supporting staff members, more than 12,000 students enrolled per semester, and over 2,000 degrees/certificates awarded for the 2022-2023 school year. TJC is the only community college in Texas to offer a Bachelor of Science degree in dental hygiene.

For nearly 97 years, TJC has embodied the true sense of the term "community." As its cornerstone, the College has five core values of unity, caring, integrity, empowering and excellence. With more than 115 degree and certificate programs, plus extensive training and technical programs, TJC is the best first step for any student, whether they plan to transfer to a four-year institution or gain the skills needed to go directly into the workforce.

When students step onto the 145-acre central campus, they are immediately part of the TJC experience, which includes: rigorous academics, 68 national championships in athletics;

stellar fine and performing arts programs; modern residential facilities; and organizations and clubs that reflect student diversity. Additionally, dual enrollment programs and early college high schools are offered in partnership with area high schools. More than 3,300 high school students earn college credit each year while in high school because of dual enrollment opportunities at TJC.

TJC faculty and students consistently excel in their respective fields, and this history of excellence has focused national recognition on the College and has earned the respect of its peers.

TJC has produced more than nine decades of exceptional graduates, including: a former deputy director of the CIA; Grammy and Academy Award-winners; playwrights, actors and actresses; professional athletes; an Olympic gold medalist; prominent political figures; health care specialists; educators; and business professionals.

In a recent survey of current students, 75 percent said TJC was their first choice for college, and 94 percent said they would choose TJC again based on their experience so far.

The community's generosity led to the founding of the College in 1926. Thanks to the wonderful, ongoing support from the community, alumni, parents, students and friends of this great institution, TJC has flourished for 97 years. As it looks to the future, TJC will continue to expand opportunities for student success and reinforce its role as The College of East Texas.

## Alma Mater

All Apaches, men and maidens  
Raise your voices high  
Till the echoes heavy laden  
Swell up to the sky!  
On to Honor! On to Glory!  
On to Victory!  
Hail to thee our Alma Mater!  
Hail to T-J-C!

## **GOWNS AND HOODS**

Gowns are patterned differently for the different degrees. The gown for the associate degree and for the bachelor's degree has pointed sleeves.

The gown for the master's degree has an oblong sleeve. The rear part of the oblong shape is square cut, and the front part has an arc cutaway.

The gown for the doctoral degree has bell-shaped sleeves.

There is no trimming for the associate degree or for the bachelor's or master's degrees. For the doctoral degree, the gown is faced down the front with black velvet with three bars of the same across the sleeves; or those facings and crossbars may be made of velvet of the color distinctive of the subject to which the degree pertains.

For all academic purposes, including the tassels of caps and the hoods, the colors pertain to the different subjects. These are maize for Agriculture; white for Arts, Letters, Humanities; yellow brown for Commerce, Accountancy, Business; lilac for Dentistry; copper for Economics; light blue for Education; orange for Engineering; brown for Fine Arts, including Architecture; russet for Forestry; crimson for Journalism; purple for Law; lemon for Library Science; green for Medicine; pink for Music; apricot for Nursing; olive green for Pharmacy; dark blue for Philosophy; sage green for Physical Education; peacock blue for Public Administration; salmon pink for Public Health; golden yellow for Science; citron for Social Work; silver gray for Speech; scarlet for Theology; and gray for Veterinary Science.

The hoods are lined with the official color or colors of the college or university conferring the degrees.

## **ACADEMIC MACE**

The Academic Mace represents the five schools of the College and celebrates academic excellence, integrity and scholarship. This very important symbol is carried by the president of the faculty senate during all Commencement Ceremonies and conveys the value and importance of faculty and academic leaders to fulfilling the mission of the institution. The mace staff is made of hand-turned American walnut and capped by a four-sided crown with recessed velvet panels. Bronze seals of the College are permanently set in the velvet recesses. The Academic Mace resides in the office of the Provost.

## **PRESIDENTIAL MACE**

The Presidential Mace represents the President and the President's Cabinet, and serves as a symbol of commitment and loyalty to the values which the institution holds dear.

The mace was crafted from cherry wood by East Texas artisans, and includes at its base a silver dollar from 1926, the year the College was founded.

Seven brass-inlaid bands near the bottom represent the institution's seven presidents, and five additional bands represent each of the schools.

A pentagon at the top symbolizes the five core values: unity, caring, integrity, empowering and excellence, and each value is engraved in Latin, with lettering in gold on a black field.

Atop the pentagon rests a handmade copper flame, which represents both the flame of knowledge and a passion for service to the College's students and communities.

The Presidential Mace resides in the Office of the President and is continuously illuminated by a lamp that is on 24 hours a day, representing the ongoing quest for knowledge and learning.

## **THE PRESIDENTIAL CHAIN OF OFFICE**

The Presidential Chain of Office, worn by the College president, is made of antique bronze with black enamel accents, in honor of the College's school colors, black and gold.

The medallion, its most prominent feature, bears the College seal and is flanked by smaller stars mirroring the seal and symbolizing the Lone Star State.

The back of the medallion is engraved with TJC's founding year of 1926 and surrounded by roses, in recognition of TJC's strong ties to the city of Tyler. The links of the chain are engraved with the names of the previous six presidents. The Chain is displayed and secured next to the Presidential Mace in the Office of the President.

# **TJC GONFALON OVAL ART SYMBOLS**

## **Engineering, Mathematics, and Sciences**

"Da Vinci's Vitruvian Man represents symmetry, proportion and biology, all important to disciplines in this school. Global connections, essential to societal and institutional studies, are also portrayed in this image."

## **Humanities, Communications, and Fine Arts**

"A human profile symbolizes the arts and sciences. Within the circular universe of knowledge a hand represents the creativity necessary for discovery. Discovery is presented as a small circle. A foundation of three open books represents the importance of passing on knowledge to the next generation."

## **Nursing and Health Sciences**

"Caring hands that lift the flame of knowledge symbolize the efforts of the faculty of the School of Nursing and Health Sciences. The flame is held high to represent a deep respect for truth, compassion, human dignity, and the advancement of skills and knowledge to the next generation of health care providers."

## **Professional and Technical Programs**

"Preparing today's graduates for tomorrow's information age and globalization. A globe indicates the reach of our TJC graduates and the scope of their possibilities. The three active orbital paths symbolize the combination of technology, openness to change, and preparation for professional entry into various occupations using knowledge and skills attained in the School of Professional and Technology Programs."
