Welcome to the School of Skilled Trades and Continuing Studies! We are committed to providing lifelong learning opportunities for people of all ages who desire to develop both personally and professionally, upgrade job skills or participate in community activities. Whether you want to learn a new hobby or are seeking a career change, we offer an array of classes to help you reach your goals.

Our offices are housed at the Regional Training and Development Complex (RTDC) located at TJC West. This campus is also home to the Skills Training Center which hosts automotive and welding technology programs as well as the College’s Energy Center that is the hub for Industrial Trades programs.

In addition to career and personal enrichment classes, TJC West is also the home of the Literacy Council of Tyler, which provides free adult education classes including GED prep, English as a Second Language (ESL) classes, tutoring and Career Pathways Programs.

Also located within the RTDC is the Small Business Development Center (SBDC) that offers free monthly classes for new business owners as well as advising opportunities across multiple disciplines.

There is always something happening through the School of Skilled Trades and Continuing Studies, so come see what we have to offer and discover the vast opportunities available to you!

Malinda Arrant • Computers
Malinda Arrant is a retired public-school educator of 33 years. During her time in public education, she taught Business Information Systems I and II (Word, Excel, PowerPoint), Principals of Business, Business Law, Office Education, coached the UIL Computer Applications team and articulated Business education classes. While teaching full time, she also worked as a bookkeeper for an independent trucking company.

For more than 15 years, she has served as an adjunct instructor at Tyler Junior College, where she has taught the following courses: Introduction to Computers, Word Basic, Intermediate, and Advanced, Excel Basic, Intermediate, and Advanced, PowerPoint, Pivot Tables, Charts, and Graphs. She also is an instructor for Corporate Computer Education classes for Tyler businesses and the surrounding communities.

www.TJC.edu/ContinuingStudies
TJC Fire Academy

Fire Academy Disclaimer
To work in Texas as a paid fire fighter, applicants must earn a Texas “basic structure fire suppression” certificate. As part of this process, applicants must also submit their fingerprints and undergo a criminal history background check. For students who may have a criminal background, please be advised that the background could keep you from being licensed by the Texas Commission on Fire Protection. If you have a question about your background and licensure, please check with the agency or certification board to determine if you are qualified to obtain certification within that field. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

General Guidelines
Students must meet the standards set forth by the Texas Commission on Fire Protection, and NFPA 1001-2013, Standards for Fire Fighter Professional Qualifications. Included are these requirements: Fire protection personnel who are appointed to structure fire protection duties must be certified by the commission within one year from the date of their appointment. Prior to being appointed to structure fire protection duties, personnel must: (1) complete a commission approved basic structure fire protection program; and (2) successfully pass the commission examination as required by §423.3 of this title (relating to Minimum Standards for Basic Structure Fire Protection Personnel Certification); and *(3) successfully complete a commission recognized emergency medical training program. *Please see page 38 for EMSP-1001 Emergency Medical Technician: Basic course information.

Contact the Fire Academy at TJC West, 1530 SSW Loop 323, Tyler, TX 75701-2546 for an application or call the office at (903) 510-3205 903-510-2404 or email jgri2@tjc.edu for Fall Academy Application deadline.

Basic Fire Suppression Academy
Upon successfully passing the state exam, graduates will receive certification as Firefighter I, Firefighter II, Hazmat Awareness, and Hazmat Operations. They also qualify for national accreditation by the International Fire Service Accreditation Congress (IFASC). (528 hrs.)

BASIC FIREFIGHTER ACADEMY ......................$3,194
(Course tuition includes books, bunker gear, uniforms and supplies. An additional fee of $35 will be required for testing in each section.)

Courses:
FIRS-1004 Agility and Fitness for Fire Personnel
FIRS-1002 Firefighter Academy I
FIRS-1008 Firefighter Academy II

TJC Law Enforcement Academy

General Guidelines
Students must meet the Texas Commission on Law Enforcement (TCOLE) requirements for attendance.

Tuition and Fees
The tuition and fees for this course do not cover the cost of uniforms and/or other equipment a cadet will be responsible for supplying. Some of the additional equipment may be furnished by the sponsoring agency. Space is limited so interested parties are encouraged to inquire early. Information is available at TJC West, 1530 SSW Loop 323, or by calling 903-510-2404.

Basic Peace Officer Academy
The Basic Peace Officer Academy includes all sections, which must be completed in sequence to constitute the TCOLE-approved Basic Peace Officer Course. Students must register all the sections concurrently. (819 Hrs.)

BASIC PEACE OFFICER ACADEMY
Awarded Credit Hours: Once a student successfully passes the state peace officer-licensing exam and upon application with 3 credit hours to Tyler Junior College, credit may be awarded for up to 12 hours of college credit.

Law Enforcement Classes
For a list of upcoming TCOLE approved training classes and enrollment details, please visit tjc.edu/lawenforcement and click on Training Schedule.
Truck Driving

A partnership between Tyler Junior College and Career Trucking School, Inc. (CTS)

General Guidelines

Students must register in both CDL Written Skills and Professional Truck Driver Training. Students must be at least 21 years of age, have an acceptable driving record, complete and pass a Department of Transportation Physical Exam, have the ability to read, write and speak the English language, and meet the requirements of the Motor Carrier Federal Safety Regulations, Qualifications of Drivers.

Tuition and Fees

Tuition does NOT include the cost of the physical exam and the Commercial Drivers’ License. For more information, contact CTS at 903-596-7744 or Tyler Junior College, School of Continuing Studies at 903-510-2900. Prescreening of applicants is made through CTS.

CDL Written Skills - A

(CVOP-1005 Commercial Drivers License Written Skills)

This course provides classroom instruction on the basic operation of a commercial truck; the principles of visual search, signaling, speed management terrain management and maneuvering in traffic; ways of recognizing hazardous situations in advance, emergency braking techniques, evasive actions, causes of skidding and jackknifing, and techniques for recovering from such emergencies; the function and operation of all key vehicle systems; and how to complete a Driver’s Daily Log, hours of duty limits, required rest periods, the basic procedure for handling the scene of an accident, reporting accidents, basic first aid, and extinguishing fires. The course also helps students prepare for mastery of the Commercial Driver’s License written examination. (80 hrs.)

Tuition does NOT include the cost of the physical exam and the Commercial Drivers’ License. For more information, contact CTS at 903-596-7744 or Tyler Junior College, School of Continuing Studies at 903-510-2900. Prescreening of applicants is made through CTS.

CDL Written Skills - Class B

(CVOP-1005 Commercial Drivers License Written Skills)

This course is required to operate any single vehicle that isn’t coupled to a trailer. This includes commercial trucks that have an attached cab and cargo area with a combined weight greater than 26,000 pounds, as well as trucks with a detached towed cargo vehicle that weighs less than 10,000 pounds. Some other vehicles included are straight trucks, large buses (city buses, tourist buses, and school buses), segmented buses, box trucks (including delivery trucks and furniture trucks), and dump trucks with small trailers. This course provides classroom instruction on the basic operation of a commercial truck; the principles of visual search, signaling, speed management terrain

management and maneuvering in traffic; ways of recognizing hazardous situations in advance, emergency braking techniques, evasive actions, causes of skidding and jackknifing, and techniques for recovering from such emergencies; the function and operation of all key vehicle systems; and how to complete a Driver’s Daily Log, hours of duty limits, required rest periods, the basic procedure for handling the scene of an accident, reporting accidents, basic first aid, and extinguishing fires. The course also helps students prepare for mastery of the Commercial Driver’s License written examination. (80 hrs.)

Professional Truck Driver Training

**Fine Arts**

**Angelic Collages**
Learn how to create a popular mix media angel painting using 7 techniques for mark making so your Angel will be uniquely yours. Follow along step-by-step with instructor Fran Cooper to create a collage that is truly angelic! Fran will teach you techniques for painting & collaging an angel. At the end of the class, you will have a beautiful 18" x 24" painting to hang in your home or to give as a gift.

No prior painting, drawing or collaging experience needed! Fran will provide you with an angel drawing so you don’t even need to know how to sketch. You can then create original marks and designs so the image is displaying your own story, blessings or wishes.

**Intermediate Photography**
This dynamic program is designed to empower enthusiasts and amateur photographers who possess a basic understanding of photography fundamentals, enabling them to explore new techniques and embrace their artistic prowess. This course is ideal for photography enthusiasts with a basic understanding of camera controls and exposure settings who wish to elevate their photography to an intermediate level. Whether you aspire to become a professional photographer or simply seek to refine your creative expression, this course will inspire and empower you to reach new heights in your photographic journey.

Supplies: Students will need to bring a DSLR camera (fully charged), memory card, fresh batteries and note taking supplies for this class. Students will get a 30-minute lunch break.

Prerequisite: Participants should have a fundamental understanding of basic photography concepts, such as exposure, aperture, shutter speed, and ISO.

Intermediate Photography

**Watercolor Painting**
In this class, Marsha Blount will instruct fundamental watercolor methods, demonstrating essential information about watercolor painting, and an understanding of applying washes that includes wet-on-wet, transparent overlay, flat wash. Marsha will show how to carefully construct a finished watercolor using preliminary sketches and value studies. Subjects will include landscape, still-life, and abstract.

For beginners and experienced watercolorists, you will learn what tools to use, get practical guidance on painting scenery, still-life, and discover various application methods. If you are looking for a balance between control and expressiveness, color confidence and greater mastery, these classes will allow you to learn by doing to enhance your artistic practice. Working in a studio environment with other like-minded participants, you will learn to talk about your artwork and gain from the experience.

Course Hours *Students will have an additional 6 weeks access to the programs.

Instant Italian (online)
This dynamic course will teach you how to express yourself comfortably in Italian. You’ll learn practical, everyday words. Learn to read, hear, and practice dialogues based on typical situations that you’re likely to encounter if you plan to vacation in Italy. The dialogues and follow-up exercises of each lesson will teach you to communicate in Italian in a wide variety of settings. You’ll be surprised by how quickly and easily you can learn many useful expressions in Italian! This course will make it simple to master your pronunciation of Italian. The audio feature lets you hear the words and phrases spoken aloud with just a click of your mouse. Short exercises are included with each lesson to help you reinforce what you’ve learned and gauge your progress, making it easy to pinpoint areas that you still need to review. The exercises also give you immediate feedback—you’ll know whether you answered correctly as soon as you finish.

As you go through the lessons, you will learn about the Italian language’s impact on the world, the Italian alphabet, phonetics, and pronunciation, proper forms of address, expressions of courtesy, and how to make introductions. By the end of the course, you will know how to ask for help, ask directions, navigate Italian shops, book a hotel room, order a meal, and much more! Cultural notes are included throughout the course to help you better understand Italians and their way of life. You will also learn what various gestures mean to Italians, which ones to use, and those you should avoid. This course will convince you that learning a language is both fun and rewarding.

Online e-learning Program. Program Duration: 24
Course Hours *Students will have an additional 6 weeks access to the programs.

Stress Management Applications (online)
Events, people, and circumstances fill our normal daily lives—along with a certain amount of stress. Stress can be positive or negative, depending on how we perceive the stressor and it impacts our physical, social, spiritual, and emotional health. Stress is also affected by the social and cultural context in which we live. However, with awareness, stress can be managed and reduced. Interventions such as nutritious food, physical activity, and social support along with modalities including journaling, massage, therapy, meditation, imagery, biofeedback, art and dance therapy, and time spent in nature can help us reduce the stress we experience and create a healthier life.

The outcome of this certificate is to for the learner to describe the physiological, social, and psychological aspects of stress; examine the relationship between stress and health, nutrition, and physical activity; identify causes and health effects of workplace stress; and explore modalities to reduce and manage stress.

STUDENT TUITION: ..............................................$145

Clinical Externship Requirements
Upon successful completion of the programs with externships, students are eligible to participate in a clinical externship and may be asked to submit to a thorough background check, drug screening and additional requirements. Student is responsible for related fees. For students who may have a criminal background, please be advised that the results of the background check could prevent you from being eligible to participate in a clinical rotation.

Pharmacy Technician with Clinical Externship (online)
This comprehensive course will prepare students to enter the pharmacy field and to take the Pharmacy Technician Certification Board's PTCB exam. Technicians work in hospitals, home infusion pharmacies, community pharmacies and other health care settings working under the supervision of a registered pharmacist. Course content includes an overview of the qualifications, operational guidelines, and job duties of a pharmacy technician. Topics include definitions of a pharmacy environment, the profile of a pharmacy technician, legal and ethical guidelines, job skills and duties, verbal and written communication skills, professional resources, safety techniques, and supply and inventory techniques. Students will learn dosage calculations, IV flow rates, drug compounding, dose conversions, dispensing of prescriptions, inventory control and billing and reimbursement. Textbook and materials provided. Program also includes a clinical externship with a local healthcare provider!
National certification examination opportunities for successful students are as follows:
- The Pharmacy Technician modules will prepare students to sit for the Pharmacy Technician Certification Board (PTCB) pharmacy technician certification exam.

STUDENT TUITION: $1,499
Online e-learning Program. Includes a Clinical Externship with a local Healthcare Provider.
Program Duration: 6 Months **Students will have an additional 12 months access to the program**

Clinical Medical Assistant Program with Clinical Externship (online)
This program prepares students to assist physicians by performing functions related to the clinical aspects of a medical office. Instruction includes preparing patients for examination and treatment, routine laboratory procedures, pharmacology, taking and documenting vital signs, technical aspects of phlebotomy, the 12-lead EKG and the cardiac life cycle. Additionally, this program includes a Medical Administration course covering key topics such as medical ethics and law, basics of insurance billing and coding, telephone techniques, scheduling appointments and medical records management. A major objective of this program is to prepare students for important national healthcare competency certification examinations and to prepare them to work as Medical Assistant professionals. Program also includes a clinical externship with a local healthcare provider!
National certification examination opportunities for students who complete this program are as follows:
- Students who complete this comprehensive course would be prepared to sit for the American Society of Phlebotomy Technicians (ASPT) Phlebotomy Technician national certification examination.
- The Microsoft Office Desktop Skill modules will prepare students to sit for the Microsoft Office User certification exams.

STUDENT TUITION: $2,199
Online e-learning Program. Includes a Clinical Externship with a local Healthcare Provider.
Program Duration: 4 Months **Students will have an additional 12 months access to the program**

Phlebotomy Technician Program with Clinical Externship (online)
The Phlebotomy Technician Program prepares students to provide phlebotomy services in a variety of healthcare settings. Students will learn how to collect blood and other specimens from clients for the purpose of laboratory analysis. The phlebotomist is a vital member of the clinical laboratory team, whose main function is to obtain patient’s blood specimens by venipuncture and micro-collection for testing purposes. Phlebotomists are employed throughout the healthcare system including in hospitals, neighborhood health centers, medical group practices, HMO’s, public health facilities, veteran hospitals, insurance carriers, and in other healthcare settings. Students will become familiar with all aspects of blood collection and will review the skills needed to perform venipunctures safely. Also includes terminology, blood collection procedures, order of draw and other engaging topics. Program also includes a clinical externship with a local healthcare provider!
A major objective of this program is to prepare students for important national healthcare competency certification examinations and to prepare them to work as Phlebotomy Technicians. National certification examination opportunities for students who complete this program are as follows:
- Students who complete this comprehensive course would be prepared to sit for the American Society of Phlebotomy Technicians (ASPT) Phlebotomy Technician national certification examination.

STUDENT TUITION: $1,599
Online e-learning Program. Program Duration: 4 Months **Students will have an additional 12 months access to the program**

Medical Administrative Assistant with Clinical Externship Program (online)
Medical administrative assistants primarily work in doctor’s offices, clinics, outpatient settings, hospitals, and other healthcare settings. Medical administrative assistants, medical secretaries, and medical records clerks are all positions in great demand. This program covers information on the medical assisting profession, interpersonal skills, medical ethics and law, medical terminology, basics of insurance billing and coding, telephone techniques, scheduling appointments, medical records management and management of practice finances. A great course for physicians medical office professionals!
This program prepares students to function effectively in many of the administrative and clerical positions in the healthcare industry. It provides students a well-rounded introduction to medical administration that delivers the skills students require to obtain an administrative medical assistant position or advance within their current healthcare career.
National certification examination opportunities for students who complete this program are as follows:
- Students who complete this program will have the opportunity to pursue the National Healthcareer Association (NHA) Certified Medical Administrative Assistant (CMAA).

STUDENT TUITION: $1,999
Online e-learning Program. Program Duration: 4 Months **Students will have an additional 12 months access to the program**

Pharmacy Technician and Medical Administration and Clinical Externship (online)
This program will prepare students to enter the pharmacy field and take the Pharmacy Technician Certification Board’s PTCB exam. Course content includes pharmacy terminology, pharmacy calculations, reading and interpreting prescriptions and defining generic & brand names drugs. Additionally, this program includes a Medical Administration course covering key topics such as medical ethics and law, basics of insurance billing and coding, telephone techniques, scheduling appointments and medical records management.
**EKG Technician Program (online)**

EKG technicians work in physician’s offices, hospitals, clinics, and other healthcare facilities and organizations. EKG technicians also work for insurance companies to provide data for health and life insurance policies. Similar to other growing healthcare professions, the demand for EKG technicians is expected to continue to grow substantially. Approximately 25% more EKG technician jobs will be available by the year 2018. This EKG Technician Program prepares students to perform EKG's. This course will include information on anatomy and physiology of the heart, medical disease processes, medical terminology, medical ethics, legal aspects of patient contact, electrocardiography and stress testing.

National certification examination opportunities for successful students are as follows:

- There are several EKG technician national certification exams that are available to students, such as the ASPT-Electrocardiograph (EKG) Technician exam.

**STUDENT TUITION: $1,199**

**Online e-learning Program. Program Duration: 4 Months *Students will have an additional 12 months access to the programs.**

**Physicians’ Office Assistant Professional with Electronic Health Records Management (EHRM) and Clinical Externship (online)**

This program combines in-demand healthcare disciplines with important front office Microsoft end user computer skills. Physicians’ Office Assistant with Electronic Health Records-This course provides a well-rounded experience preparing students to assist physicians in multiple administrative areas of the medical office and the requirements of maintaining the electronic health record (EH R). This course includes medical terminology, interpersonal skills, medical records management, implementation and management of electronic health information, medical ethics and law, basics of insurance billing and coding and maintaining the regulatory requirements of the EH R. A major objective of this program is to prepare students for important national healthcare competency certification examinations and to prepare them to work as Physician Office Assistants and Electronic Health Records professionals. Program also includes a clinical externship with a local healthcare provider! National certification examination opportunities for successful students are as follows:

- Medical Administrative Assistant-National Healthcareer Association (NHA) Certified Medical Administrative Assistant (CMAA) certification
- Electronic Health Records Management (EHRM) -NHA Certified Electronic Health Record Specialist (CEHRS) exam certification
- The Microsoft Office Desktop Skill modules will prepare students to sit for the Microsoft Office User certification exams.

**STUDENT TUITION: $2,599**

**Online e-learning Program. Includes a Clinical Externship with a local Healthcare Provider. Program Duration: 6 Months *Students will have an additional 12 months access to the program.**

**Electronic Health Records Management (EHRM) Program (online)**

Access to health information is changing the ways doctors care for patients. With the nation's healthcare system moving to the electronic medical record, numerous employment opportunities exist for medical assistants, health information systems staff, patient registration professionals and other related positions. Healthcare professionals with the ability to understand, update and maintain the electronic health record are in high demand. This program prepares students to understand and use electronic records in a medical practice. Course reviews the implementation and management of electronic health information using common electronic data interchange systems and maintaining the medical, legal, accreditation and regulatory requirements of the electronic health record.

This Electronic Health Record (EHR) Management program prepares students to understand and use electronic records in a medical practice. Course reviews the implementation and management of electronic health information using common electronic data interchange systems and maintaining the medical, legal, accreditation and regulatory requirements of the electronic health record.

National certification examination opportunities for successful students are as follows:

- Students who complete this comprehensive course will be prepared to sit for the National Healthcareer Association (NHA) Certified Electronic Health Record Specialist (CEHRS) exam.

**STUDENT TUITION: $1,299**

**Online e-learning Program. Program Duration: 4 Months *Students will have an additional 12 months access to the programs.**

**Dialysis Technician (online)**

As kidney failure continues to be a growing national health problem, kidney disease is driving the growing demand for well-trained dialysis technicians. Dialysis technicians are employed in hospitals, outpatient clinics, and other medical facilities. The number of dialysis technician jobs has the potential to increase by more than 35% by 2018. While most technician training has historically been done “on-the-job,” today’s healthcare employers are seeking well-trained technicians who possess the necessary knowledge and skills to fill this growing number of positions. This Dialysis Technician Program provides students with the knowledge needed to perform as a dialysis technician. This program will review kidney dialysis machines, preparing dialyzer reprocessing and delivery systems, and review equipment maintenance.

National certification examination opportunities for successful students are as follows:

- This program is designed to cover the key objectives of the leading dialysis technician certification exams. Although some students do immediately pursue certain certifications, most national exam requirements for formal dialysis technician certification. The BONENT Certified Hemodialysis Technologist/Technician examination requires one year of experience (12 months) in nephrology patient care, and current active participation in an ESRD facility.

**STUDENT TUITION: $999**

**Online e-learning Program. Program Duration: 4 Months *Students will have an additional 12 months access to the programs.**

**Medical Billing & Coding Program (online)**

Medical billing and coding is one of the fastest-growing careers in the healthcare industry today! The need for professionals who understand how to code healthcare services and procedures for third-party insurance reimbursement is growing substantially. Physician practices, hospitals, pharmacies, long-term care facilities, chiropractic practices, physical therapy practices, and other healthcare providers all depend on medical billing and coding for insurance carrier reimbursement. This billing and coding course offers the skills needed to perform complex coding and billing procedures. The course covers: CPT (Introduction, Guidelines, Evaluation and Management), specialty fields (such as surgery, radiology and laboratory), ICD-10 (Introduction and Guidelines) and basic claims processes for insurance reimbursements. National certification examination opportunities for successful students are as follows:

- Numerous national certification exams are available for students who complete this course including American Academy of Professional Coders (AAPC), American Health Information Association (AHIMA) and others.

**STUDENT TUITION: $1,799**

**Online e-learning Program. Program Duration: 4 Months *Students will have an additional 12 months access to the programs.**

**Medical Billing and Coding and Medical Administration with Clinical Externship (online)**

Clinical Medical Assistant (en línea)

El programa de asistencia médica clínica ha sido diseñado con el fin de preparar a los estudiantes para funcionar como profesionales en múltiples entornos de atención médica. Los asistentes médicos con antecedentes clínicos realizan diversas tareas clínicas, incluida la asistencia con la administración de medicamentos y con procedimientos menores, la realización de un electrocardiograma EKG, la obtención de muestras de laboratorio para pruebas, la educación de pacientes y otras tareas relacionadas. Las oportunidades laborales son frecuentes en los consultorios médicos, clínicas, consultorios quirúrgicos, hospitales e instalaciones para pacientes ambulatorios.

Este programa prepara a los alumnos para asistir a los médicos realizando funciones relacionadas con los aspectos clínicos de un consultorio médico. La instrucción incluye la preparación de pacientes para examen y tratamiento, procedimientos de laboratorio rutinarios, farmacología, toma y documentación de signos vitales, aspectos técnicos de la flebotomía, el electrocardiograma de 12 derivaciones y el ciclo de vida cardíaco. El propósito del programa de asistencia médica clínica es preparar a los alumnos para ayudar a los médicos realizando funciones relacionadas con los aspectos clínicos de un consultorio médico.

EKG Technician (en línea)

¡Los técnicos de EKG están en demanda! Pueden trabajar en consultorios médicos, hospitales, clínicas y otras instalaciones y organizaciones dedicadas a la atención médica. Los técnicos de EKG también trabajan para compañías de seguros para proporcionar datos para pólizas de seguro de vida y salud. Al igual que otras profesiones sanitarias en crecimiento, se espera que la demanda de técnicos para la toma de electrocardiogramas, continúe creciendo sustancialmente. Para el año 2024 aproximadamente un 25% más de trabajos de técnico de EKG estarán disponibles.

Este programa técnico para técnico de EKG, prepara a los alumnos para efectuar la toma de electrocardiogramas (EKG). Este curso incluirá información sobre anatomía y fisiología del corazón, procesos de enfermedades médicas, terminología médica, ética médica, aspectos legales del contacto con el paciente, electrocardiografía y pruebas de estrés. ¡Un curso altamente interactivo!

Medical Billing and Coding (en línea)

¡La facturación y codificación médica es una de las carreras de mayor crecimiento en la industria de la salud hoy en día! La necesidad de profesionales que entiendan cómo codificar los servicios de salud y los procedimientos para el reembolso de seguros a terceros está creciendo sustancialmente. Los consultorios médicos, hospitales, farmacias, los centros de cuidados a largo plazo, las prácticas quirúrgicas, consultorios de fisioterapia y otros proveedores de servicios de salud dependen de la facturación y codificación médica para el reembolso de las compañías de seguros. La industria médica tendrá casi un 50% más de empleos disponibles para 2022; por lo tanto, un excedente de instalaciones médicas seguirá contratando candidatos que se especialicen en facturación y codificación médica.

Este programa ofrece las habilidades necesarias para realizar procedimientos complejos de codificación y facturación. El curso cubre: CPT (introducción, pautas, evaluación y gestión), campos de especialidad (como cirugía, radioología y laboratorio), el ICD-10 tanto para la codificación de diagnósticos y procedimientos como para los procesos básicos de reclamación de reembolsos de seguros. También ofrece las habilidades que los estudiantes necesitan para resolver problemas de facturación y codificación de seguros. Detalla la asignación adecuada de códigos y el proceso para presentar reclamaciones de reembolso.

Phlebotomy Technician (en línea)

El flebotomista es un miembro vital del equipo del laboratorio clínico, cuya función principal es obtener muestras de sangre del paciente mediante punción venosa y microcolección con fines de prueba. Los flebotomistas se emplean en todo el sistema de atención médica, incluidos hospitales, centros de salud del vecindario, consultorios médicos grupales, HMO, centros de salud pública, hospitales veterinarios, compañías de seguros y en otros entornos de atención médica. La demanda de técnicos en flebotomía ha aumentado sustancialmente con la complejidad general de los servicios de salud y los riesgos de enfermedades infecciosas. Los expertos actuales de la industria de la salud predicen un aumento del 15% en los trabajos de flebotomía para 2018.

El Programa de técnico en flebotomía prepara a los alumnos para recolectar muestras de sangre de los clientes con el fin de realizar análisis de laboratorio. Los alumnos se familiarizarán con todos los aspectos de la recolección de sangre y ejecutarán las habilidades necesarias para realizar las venopunturas de manera segura. También incluye terminología, procedimientos de extracción de sangre, orden de extracción y otros temas interesantes. ¡El programa también incluye una práctica clínica externa opcional en un proveedor de atención médica local!

Computers & Information Technology

Where Do I Begin?
You should have a good understanding of computer basics PRIOR to taking any of the other Computer software courses. TJC offers state-of-the-art education and training for people interested in working in today’s ever-changing technology rich business environment. Learn to use today’s most popular software on current industry standard equipment. Or, if the traditional classroom doesn’t fit your busy schedule, online classes are also available.

Introduction to Computers
Our Introduction to Computers course is the perfect starting point for anyone looking to gain essential computer skills. Whether you’re a complete beginner or just need a refresher, this course will provide you with the foundational knowledge you need to confidently use computers in your personal or professional life.

In this comprehensive course, you’ll learn the basics of computer hardware, software, and operating systems, as well as how to use common applications such as Microsoft Word, Excel, and PowerPoint. You’ll also gain an understanding of computer security and how to protect your information online.

Our expert instructors will guide you through hands-on exercises and provide practical advice, so you can apply your new skills to your daily life. By the end of this course, you’ll be able to navigate a computer with ease, create basic documents and spreadsheets, and understand the fundamentals of computer use. Sign up today and get started on your journey towards computer literacy!

Certified Medical Compliance Officer (CMCO)®
Academy of Dance

General Guidelines
All Dance classes begin in the fall and progress through the spring and summer session. Do not register for a higher level in the spring or summer. For beginner and lower-level classes, new students should enroll according to the age requirements specified below. New students with previous training and any student with questions regarding proper class placement should call Carolyn Hanna at 903-510-2483 or email chan3@tjc.edu for information and director's approval before enrolling.

Enrollments are accepted on a “first come, first served” basis. ENROLL EARLY TO GUARANTEE ENTRY, as the dance program limits class sizes, and classes will be closed when enrollment quotas are met. Late enrollments after the session begins will be accepted on a space-available basis only.

We reserve the right to cancel classes not meeting enrollment quota, for 80% refund or transfer into another dance class. Class schedule may be subject to change after publication of this booklet. It is requested that all dance students register through the TJC West either by phone or by Internet. For registration only, call 903-510-2900. All other inquiries, call 903-510-2483. Visit our registration website at tjc.edu and click on Academy of Dance from the “On-Campus” drop down arrow.

Parking Permits can be emailed upon request to access student parking lots. Non-permitted parking is always available on the surrounding and adjacent streets to our building. Please do not park in the Tyler Museum of Art lot. All Academy of Dance classes are held in the Ornelas Center for Band, Apache Belles & Dance (formerly Ornelas Health & Physical Education building).

School Policies
Missed classes may be made up in a comparable or lower-level class at any time; ask your instructor as to which class to attend. Makeup classes for missed or canceled classes may be taken at any time during the session, but make-up classes cannot be “rolled over” into a future semester. Making up missed classes is optional. There are no refunds for missed classes, regardless of the circumstances. Students who discontinue attendance at classes enrolled may not transfer their enrollment to another student, nor are there refunds for non-attendance.

In case of classes canceled due to instructor illness or threatening weather, it shall be at the instructor's discretion to schedule an extra makeup class, or to have students attend another class already in session.

Students may not substitute optional classes for required classes, nor substitute classes from another level without approval of instructor/director.

A $50 discount will be given to students who enroll in three or more classes.

† A $50 discount will be given to students who request that all dance students register through the TJC West either by phone or by Internet. For inquiries, call 903-510-2483 or email chan3@tjc.edu for director's approval before enrolling.

Dress Code
The dress code is the same for Pre-Ballet through Adults:

Hair: All students with long hair must wear it in a bun, tightly secured with no stray hairs. For short hair, secure with barrettes/pins off the face. No large bows or headbands.

Girls/Women:
Ballet:
Plain black leotards with no sequins, flowers, prints on them. Style is the choice of the student, but when in doubt, ask your instructor before purchasing.

Footed or convertible pink tights, either with or without the seam down the back.

Pink ballet slippers that fit to the foot similar to socks.

Pointe shoes for Ballet 4 WHEN APPROVED BY DIRECTOR.

The brand Bloch is required for levels 2-5. See specific colors below:

- Intro to Ballet 1 and Level 1 - Lavender
- Level 2 - Purple
- Level 3 - Navy Blue
- Level 4 & 5 - Burgundy

Modern, Jazz, Musical Theatre and other:
Black leotard, black tights, jazz pants or shorts, hair pulled away from the face, and jazz shoes.

Boys Dance and Other Classes:
Comfortable clothing and clean sneakers or jazz shoes, hair pulled away from the face.

This Modern class is designed for your dancer just beginning in modern dance, while improving and learning the Graham and Horton techniques. Ages 8 and up.

DANC-1282 ................................................. $249
8/21-12/4 ................................................. M 6:15-7:45 p.m.
Location: Studio 3
Instructor: Shurrell Wiebe

**Modern 2 Pre-Professional**
This class is for your child aged 10 and up, and a continuation of Modern 1 principles. Graham and Horton techniques will be stressed and further expanded upon. Ballet 2 PP is also recommended.

DANC-1245 ................................................. $249
8/24-12/7 ................................................. R 4:30-6:00 p.m.
Location: Studio 3
Instructor: Shurrell Wiebe

**Modern 3 Pre-Professional**
This is an intermediate technique class that focuses on further expanding the Modern dance vocabulary through warm-up, across the floor, and extensive and athletic combinations. While offering your student a broad range of contemporary dance concepts, they will explore different movement qualities and highly vigorous phrase work. Ballet 3 PP is required in addition to this class.

DANC-1280 ................................................. $249
8/24-12/7 ................................................. R 7:30-9:00 p.m.
Location: Studio 3
Instructor: Shurrell Wiebe

**Modern 4 Pre-Professional**
This is a more advanced technique class that pushes your serious dancer. Only level 4 students should register for this class based on Graham and Horton techniques. The phrase work will be vigorous with detailed movements across the floor, proper warm-up, and combinations.

DANC-2334 ................................................. $249
8/21-12/4 ................................................. M 7:45-9:15 p.m.
Location: Studio 3
Instructor: Shurrell Wiebe

**Modern 4/5 Pre-Professional**
Your dancer will be engaged in Limon and Cunningham styles in this class. Both levels 4 and 5 should register, as we will focus on movement that will be grounded, explosive, and intricate. The last 30 minutes of class will be based on stretching, cool down, and breathing techniques.

DANC-2347 ................................................. $329
8/22-12/5 ................................................. T 7:00-9:00 p.m.
Location: Studio 3
Instructor: Carolyn Hanna

**Modern 5 Pre-Professional**
Open to our most advanced students, this class will incorporate all modern dance concepts. Working deeply and specifically, students will work with the instructor to maximize their movement potential.

DANC-5678 ................................................. $279
8/21-12/4 ................................................. M 4:30-6:15 p.m.
Location: Studio 3
Instructor: Shurrell Wiebe

**Jazz/Open Movement**
This class is for your child aged 10 and up, open to all dancers in levels 2, 3, 4 and 5. Designed to get your dancer moving quickly, this class will focus on jazz technique, movement and choreography determined by the instructor.

DANC-2336 ................................................. $249
8/24-12/7 ................................................. R 6:00-7:30 p.m.
Location: Studio 3
Instructor: Shurrell Wiebe

**Recreational Tap & Jazz**
Is your dancer ready for a high energy class that offers both tap and jazz? Bring your dancer and we’ll bring the fun! Open for ages 9 and up.

DANC-2338 ................................................. $185
8/22-12/5 ................................................. T 4-5 p.m.
Location: Studio 3
Instructor: Shurrell Wiebe

**Dance Conditioning 1**
This strength and conditioning class will be an important part of a dancer’s schedule that not only will improve technique and performance, but will give them a weekly check-in with their teacher to assess growth and address concerns. Dancers in levels 1, 2, and 3 are encouraged to engage in discussion to plan new movement strategies that will fill in any potential holes in their training. The dancers will work on strength, endurance, explosive power, coordination, control and stability with the goal of creating a longer dance career and a healthy body. The time to develop their own potential during each semester will help them with the physical demands of dance. Each body is unique in it’s needs and development stage, so both modifications and progressions are discussed.

DANC-2404 ................................................. $185
8/22-12/5 ................................................. T 6:00-7:00 p.m.
Location: Studio 1
Instructor: Sarah Burton

**Dance Conditioning 2**
This strength and conditioning class will be an important part of a dancer’s schedule that not only will improve technique and performance, but will give them a weekly check-in with their teacher to assess growth and address concerns. Dancers in levels 4 and 5 are encouraged to engage in discussion to plan new movement strategies that will fill in any potential holes in their training. The dancers will work on strength, endurance, explosive power, coordination, control and stability with the goal of creating a longer dance career and a healthy body. The time to develop their own potential during each semester will help them with the physical demands of dance. Each body is unique in it’s needs and developmental stage, so both modifications and progressions are discussed.

Location: Studio 2
Instructor: Kristi Franks

**Dance Cardio**
Beat the hump-day low with a morning high in this fun and fancy-free cardio class. Beginner movers are welcome. All you need to bring is a smile while we bust a move and break it down, one simple step at a time.

DANC-2399 ................................................. $185
8/23-12/6 ................................................. W 8:30-9:30 a.m.
Location: Studio 3
Instructor: Kristi Franks
**Health Professions**

**Criminal Background Requirements**
For students who may have a criminal background, please be advised that the background could keep you from being licensed by the State of Texas. If you have a question about your background and licensure, please check with the agency or certification board for your topic of study to determine if you are qualified to obtain certification within that field. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

**CPR**

**Healthcare Provider (HCP CPR)**
(EMSP-1019 CPR Basic Life Support)
In this course, you will learn lifesaving skills of respiratory (choking and near drowning) and cardiac emergencies involving adults, children, and infants. This course is designed for the professional healthcare provider and includes information on using equipment not readily available to the general public as well as AED training. Upon successful completion of the Healthcare Provider course, CPR certification is valid for 2 years. All CPR courses listed below are being conducted according to the guidelines of the American Heart Association. The American Heart Association receives no revenue from these courses. Supplies: Textbook provided.

**EMSP-2003..............................................$55**
9/2  S  8:30 a.m.–12:30 p.m.
9/8  F  8:30 a.m.–12:30 p.m.
9/16  S  8:30 a.m.–12:30 p.m.
10/7  S  8:30 a.m.–12:30 p.m.

10/26  S  8:30 a.m.–12:30 p.m.
11/4  S  8:30 a.m.–12:30 p.m.
11/18  S  8:30 a.m.–12:30 p.m.
12/2  S  8:30 a.m.–12:30 p.m.
Location: RTDC 128

**Criminal Background Requirements**
For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the State of Texas. If you have a question about your background and licensure, please check with the Texas Nurse Aide Registry by calling 1-512-438-2050. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

**Licensing Questions**
Call the Texas Nurse Aide Registry at (512) 438-2050.
Use the number above to obtain information on official regulations and guidelines for nurse aides, clarify information about the Registry, change your name once you are on the Registry, obtain information about transferring to or from other states. Additional information can be found at https://hhs.texas.gov/doing-business-hhs/licensing-credentialing-regulation/credentialing/nurse-aide-registry

**Nurse Aide Background Checks**
Nurse Aide students will be required to submit to a criminal background check PRIOR to the registration deadline. A criminal background check authorization form may be acquired ONLY from Tyler Junior College at the time of registration. Tyler Junior College will be responsible for the fee and processing of the background checks. Tyler Junior College will review the results of each criminal background check to determine if you hold any offenses identified by the state that bar individuals from employment as a Certified Nurse Aide. If your background check is not clear, you will not be allowed to attend classes and will be refunded the full tuition amount. You are encouraged to obtain a list of the state offenses that would bar you from employment as a nurse aide BEFORE you enroll in the course by contacting the Texas Nurse Aide Registry at 512-438-2050.

**Immunization Records and Proof of Negative TB Test**
Nurse Aide students will be required to document proof of all required immunizations. If you are involved in direct patient care, you must have the first dose of the three-dose series of Hepatitis B before attending classes. If you cannot show proof of the Hepatitis B vaccine immunization prior to the registration deadline, you will not be allowed to attend classes. You should provide an original copy of the completed shot record to the registration office at Tyler Junior College. Additionally, you must provide proof of a negative TB skin test (Reminder: Allow for 3 days to read the test prior to the registration deadline). If the skin test is positive, you must take a chest X-Ray. If the X-Ray is negative, you may attend classes. If the chest X-Ray is positive, you will be dropped from the course while treatment occurs. If you have a positive TB test or chest X-ray, you may be enrolled in a future course, but will be required to provide proof of negative TB test one week prior to the beginning of the first class day (see registration deadlines).

**Medication Administration for Nurse Aide**
(NURA1013-Medication Administration for the Nurse Aide/Home Health Aide)
Instruction in preparation and administration of medications by non-licensed nursing personnel employed in licensed health care agencies including the responsibilities associated with such administration. (140 hrs.)

**Prerequisites**
You must submit an Experience Documentation Form documenting current employment on the first official training day of the program in a facility licensed under Health and Safety Code Chapter 242 in the capacity of a CERTIFIED NURSE AIDE or in a Personal Care Facility licensed under Health and Safety Code Chapter 247, State School, or ICF-MR facility as a non-licensed direct care staff person. (HOME HEALTH AGENCIES & HOSPITALS ARE NOT LICENSED FACILITIES UNDER THE MEDICATION AIDE REGULATIONS). Or you can submit an Experience Documentation Form documenting 90 days of employment in a Personal Care Facility licensed under Health and Safety Code Chapter 247, State School, or ICF-MR facility as a non-licensed direct care staff. This employment must have been completed within the 12-month period preceding the first official day of class date. AN APPLICANT EMPLOYED AS A CERTIFIED NURSE AIDE WILL BE EXEMPT FROM THE 90 DAY REQUIREMENT. You must pay an additional $25 for the state application and show a negative TB skin test or negative chest X-ray. Questions regarding your...
eligibility for the Medication Administration program should be directed to the Medication Administration Program of the Texas Department of Aging and Disability Services, 512-438-2025.

**Clinicals:**
You are required to attend a specified number of hours for clinicals. These clinicals may be scheduled during the day or night, depending on the clinical facility availability. While the instructor will make every attempt to work around commitments, flexibility is required in every student's schedule.

**Supplies:**
A textbook is required and may be purchased at the TJC Central Campus Bookstore, Rogers Student Center.

NURA-1013 .................................................$775
9/25-12/7 MTR 5:00-9:00 p.m.
Location: TJC West

**Medication Administration Update for Nurse Aide**
(NURA-1041 Medication Administration Update for Nurse Aide) Your license must be renewed before your birthday. This course fulfills the annual education renewal requirements for the Certified Medication Aide. Topics include review and update of medication aide training rules, medication administration, and related responsibilities. (7 hrs.)

NURA-1041 .................................................$79
9/16 S 8 a.m.-4 p.m.
10/21 S 8 a.m.-4 p.m.
11/18 S 8 a.m.-4 p.m.
Location: RTDC

As a requirement for license renewal, students will need to submit a fingerprint background check for your permit to be renewed. Please email Medication_Aide_Program@hhs.texas.gov to receive the service code needed to make an appointment. The fingerprints are not required to be submitted every year. The renewal process can take a minimum of 4-6 weeks.

**RN/LVN Nursing Update and Review**
(RNSG-1006 Re-Entry Nursing Update & RNSG-1060 Clinical: Registered Nursing/Registered Nurse)
The three course refresher series is designed for inactive RN and LVN nurses returning to active practice and will provide you with the necessary skills and system reviews required by the Texas Board of Nursing (BON) for successful reinstatement of a Texas nursing license. Successful reinstatement includes three courses to include a 128-hour didactic online course that is instructor-led offered in partnership with Austin Community College (ACC), a 16 hour skills lab, and an 80 hour nursing preceptorship. (The skills lab should be taken concurrently with the didactic course.) Your nursing preceptorship will typically be taken the semester following completion of the didactic course. There are no prerequisites for the online Didactic course. Nurses seeking to reinstate their license are required by the BON to complete a Clinical Preceptorship with a qualified nurse preceptor. Our program has been designed to meet each of the objectives established by the Texas Board of Nursing.

RN/LVN candidates should note that CPR is not included in this program. CPR is required by the Board of Nursing and must be completed prior to the preceptorship.

RNs and LVNs who have active nursing licenses and do not require the didactic portion of the program, but who wish to update their clinical skills may take the 16 Hour Skills Lab and 80 Hour Clinical Preceptorship together or as standalone courses. For more information, please contact continuingstudies@tjc.edu.

**Criminal Background Requirements**
For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the State of Texas. If you have a question about your background and licensure, please check with the Texas Nurse Aide Registry by calling 1-512-438-2050. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

**RN Refresher**

**Re-Entry Nursing Update**
RNSG-1006 (DIDACTIC) AUSTIN COMMUNITY COLLEGE (ONLINE)
This course is an online, instructor led program offered in partnership with Austin Community College (ACC). Interested students will register through Tyler Junior College; however, instruction is provided by ACC. Upon registration of the course, the student will be given a user name and password to access the course via the Internet. The student must have basic computer skills and a computer with Internet access to be able to successfully complete this course. The course runs approximately sixteen weeks (128hrs.). The on-line Didactic course covers review of the Texas Nurse Practice Act, BON Rules and position statements, scope of practice, patient safety, the nursing process, pharmacology review, medication administration, documentation, quality assurance and legal implications for nursing practice. Required textbooks are not included in the price of tuition.

Prerequisites: Coordinator Approval. Students in this course should hold a current or expired RN license in the USA.

**Nursing Skills Review**
RNSG-2022 (SKILLS LAB)
Nursing skills performance and assessment in a structured simulation laboratory setting. Designed specifically for the nurse who has been out of active practice for 4 years or more and is seeking renewal of licensure with the Texas Board of Nursing. Required prior to registering for RNSG-1060 or VNSG-1060. Open only to nurses who hold a current or expired license to practice in the United States or with permission of the coordinator.

Prerequisites: Coordinator Approval, and current/pending Texas nursing license.

**Clinical: Registered Nursing Update**
RNSG-1060 (PRECEPTORSHIP)
Clinical Preceptorship component to RNSG 1006. To meet the learning objectives, students are assigned to a trained preceptor in a local healthcare facility. The student will do patient care under the guidance of the preceptor, working within the preceptor’s schedule. The student needs to successfully complete 80 hours in the clinical preceptorship.

Prerequisites: (1) Residency within the Tyler Junior Community College District (2) Completion of RNSG-2022 Nursing Skills Review, (3) Current enrollment or completion of RNSG 1006

**RN Refresher**

**LVN Refresher Theory**
VNSG-2033 (DIDACTIC) AUSTIN COMMUNITY COLLEGE (ONLINE)
This course is an online, instructor led program offered in partnership with Austin Community College (ACC). Interested students will register through Tyler Junior College; however, instruction is provided by ACC. Upon registration of the course, the student will be given a user name and password to access the course via the Internet. The student must have basic computer skills and a computer with Internet access to be able to successfully complete this course.

This Course meets the specification of the Texas Board of Nursing (BON) for Didactic Content of a nurse refresher course. Designed for (1) the vocational nurse who is applying to the BON for reinstatement of licensure or (2) the currently licensed vocational nurse who has been away from the clinical setting.
for a period of time, or (3) the vocational/practical nurse who is licensed in another state and applying for Texas licensure. Vocational Nurses are referred to the BON for complete information concerning licensure. Content of the on line course covers review of the Texas Nurse Practice Act, BON rules and position statements, scope of practice, patient safety, problem solving in healthcare, pharmacology review, medication administration, documentation, quality assurance and legal implications for vocational nursing practice. The course is scheduled over the semester time frame with weekly assignments. Vocational Nurses seeking to examine their license are required by the BON to complete a Clinical Preceptorship orientation with a qualified nurse preceptor. Required textbooks are not included in the price of tuition.

Nursing Skills Review
VNSG-2022 (SKILLS LAB)
Nursing skills performance and assessment in a structured simulation laboratory setting. Designed specifically for the nurse who has been out of active practice for 4 years or more and is seeking renewal of licensure with the Texas Board of Nursing. Required prior to registering for VNSG 1060. Open only to nurses who hold a current or expired license to practice in the United States or with permission of the coordinator.

Clinical-Licensed Practical/ Vocational Nursing Training- Preceptorship
VNSG-1060 (PRECEPTORSHIP)
Clinical Preceptorship component to VNSG 2033. To meet the learning objectives, students are assigned to a trained preceptor in a local healthcare facility. The student will do patient care under the guidance of the preceptor, working within the preceptor’s schedule. The student needs to successfully complete 80 hours in the clinical preceptorship. Prerequisites: (1) Completion of RNSG-2022 Nursing Skills Review, (2) Current enrollment or completion of VNSG-2033

Pharmacy Compounding and Sterile Preparations
This course is designed to prepare learners to perform basic sterile compounding procedures. Pharmacy Sterile Compounding refers to creating a medication in an environment free from viruses, bacteria, or any other infectious microorganism. It involves manipulation of sterile or non-sterile product intended to produce a sterile final product. The medications are typically used for medications that include dosage forms of injections, IV admixtures, ophthalmic medications, irrigating solutions, and inhalation solutions. Pharmacy technicians who have been properly trained in this advanced role may perform sterile compounding procedures in a variety of settings such as hospitals, infusion centers, compounding facilities, and many more. The procedures require using strict aseptic techniques, a strong attention to detail and precision, and knowledge of the United States Pharmacopoeia (USP) standards and other state, federal, and non-governmental regulations, standards, and guidelines.

PHRA-1047 ............................................... $1,299
10/9-12/18 MW 6:00-9:30 p.m.
Location: RTDC

Criminal Background Requirements
For students in this course who may have a criminal background, please be advised that the background check could keep you from being licensed by the State of Texas. If you have a question about your background and licensure, please check with the Pharmacy Technician Certification Board by calling 1-800-363-8012 or visit their website at www.ptcb.org. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

EKG / Cardiovascular Technician Certification Program
(MDCA-1044 Electrocardiography (EKG)) This comprehensive 50-hour Certified EKG Technician Program prepares you to function as EKG/ Cardiovascular Technicians and to take the Electrocardiograph (EKG) Technician exam and other National Certification Exams. This course will include important practice and background information on anatomy of the heart and physiology, medical disease processes, medical terminology, medical ethics, legal aspects of patient contact, laboratory assisting, respiratory therapy assisting, electrocardiography and echocardiography. Additionally, you will practice with equipment and perform hands-on labs including principles and procedures of 12 lead electrocardiography (EKG), which may include stress testing and care, and maintenance of equipment and exam area. Textbook and materials provided. (50 hrs.)

Upon successful completion of this course, students will be eligible to sit for the National Workforce Career Association (NWCA) Certified EG Technician (CET) exam. Student is responsible for related exam fees.

ECRD-9011 ............................................... $1,199

Clinical Medical Assistant Program with Externship
(MDCA-1017 Procedures in a Clinical Setting)
If you want to prepare for an exciting, challenging and rewarding career in healthcare, this program is intended for you. This program will train you to assist physicians by performing functions related to the clinical responsibilities of a medical office or hospital setting. Instruction includes, among other things, preparing patients for examination and treatment, routine laboratory procedures and the technical aspects of phlebotomy. You will review important topics including phlebotomy, pharmacology, the proper use and administration of medications, injections, vital signs and documentation, professional workplace behavior, basic math principles, ethics and the legal aspects of healthcare. Textbook and materials provided. (120 hrs.)

Upon successful completion of this course, students will be eligible to sit for the National Workforce Career Association (NWCA) Clinical Medical Assistant Certification (CMAC). Student is responsible for related exam fees.

Additionally, this program includes an 80-hour clinical externship opportunity for students who successfully complete the 120-hour program. Students may be asked to submit to a thorough background check, drug screening and meet other requirements. Student is responsible for related fees.

Medical Administrative Office Assistant Program with Externship
(MDCA-1021 Administrative Procedures)
This 70-hour course prepares students to function effectively in many of the administrative and clerical positions in the health care industry. Medical Administrative Assistants, Medical Secretary, and Medical Records Clerks are all positions in great demand. This program covers important background information on the medical assisting profession and interpersonal skills, medical ethics and law, medical terminology, basics of insurance billing and coding, telephone techniques, scheduling appointments, medical records management and management of practice finances. This program is intended to provide students with a well-rounded introduction to medical administration so that a student can gain the necessary skills required to obtain a medical administrative assistant position in the health care field. Textbook and materials provided.

This program includes 70 hours of classroom lecture and hands on labs and a 40 hour clinical externship opportunity at a local healthcare provider. To be eligible for the clinical rotation, students must successfully complete the 70 hour program, submit to a thorough background check, drug screening and meet other requirements. Student is responsible for related fees.

Note: This program meets the necessary requirements to take the National Workforce Career Association (NWCA) Medical Administrative Certification (MAAC) exam. Textbook and materials provided. Student is responsible for certification exam fee.

Phlebotomy

Phlebotomy Technician Program with Externship
(PLAB-1023 Phlebotomy)
This Phlebotomy Technician Program prepares you to be able to collect blood specimens from clients for the purpose of laboratory analysis. You will become familiar with all aspects related to blood collection and develop comprehensive skills to perform venipunctures completely and safely. Classroom work includes terminology, anatomy and physiology; blood collection procedures; specimen hands-on practice; and clinical training in skills and techniques to perform puncture methods. The program also includes lab exercises, live blood draws, work with a training arm and other exercises intended to prepare students to function as an entry level Phlebotomy Technician. Textbook and materials provided. (90 hrs.)

Additionally, this program includes a minimum 40-hour clinical externship opportunity for students who successfully complete the 90 hour program. Students may be asked to submit to a thorough background check, drug screening and meet other requirements. Student is responsible for related fees.

Upon successful completion of this course, students will be eligible to sit for the National Workforce Career Association (NWCA) Certified Phlebotomy Technician (CPT) exam. Student is responsible for related exam fees.

Criminal Background Requirements
For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the State of Texas.

Physical Therapy Aide

Physical Therapy Aide (Rehabilitation Technician) Program (POFM-1091 Special Topics on Medical Administration/Executive Assistant and Medical Secretary)
This comprehensive 70-hour Physical Therapy Aide Program prepares you for the growing field of Physical Therapy. The Physical Therapy Aide is generally responsible for carrying out the nontechnical duties of physical therapy, such as preparing treatment areas, ordering devices and supplies, and transporting patients working under the direction of the physical therapist. Furthermore, you will assist physical therapy assistants and physical therapists in providing services that help improve mobility, relieve pain, and prevent or limit permanent physical disabilities of patients suffering from injuries or disease. Physical Therapy Aides may be employed in nursing homes, hospitals, sports rehabilitation centers and some orthopedic clinics. There is no national or state certification exam associated with Physical Therapy Aide. Textbook and materials provided. (70 hrs.)

Students interested in a Physical Therapist Assistant program should contact the TJC School of Nursing and Health Sciences.

POFM-1091 .............................................. $1,199
10/10-12/19 TR 6:00-9:30 p.m.
Location: RTDC

Veterinary Assistant Program

Veterinary Assistant Program
(VTH-1001 Introduction to Veterinary Technology)
The Veterinary Assistant program introduces you to the exciting and growing field of veterinary medicine. You will learn about the care of animals as well as how to recognize signs of illness and disease. This program also covers interpersonal communication, interaction with clients and their animals, as well as how to assist the veterinarian during examinations. Administrative duties, such as fee collection, banking, and accounts payable are also emphasized to provide the student with the skills necessary to maintain an efficient front office. You will enjoy learning through classroom lecture as well as hands-on labs. Note: this program does not include a national or state certification or a clinical rotation as part of its overall objectives

Textbooks and materials provided. (100 hrs.)

VTH-1001 .............................................. $1,899
10/10-1/18 TR 6:00-9:30 p.m.
Includes 2 Saturdays:
11/11, 12/16 S 9:00 a.m.-3:00 p.m.
Location: RTDC
Tyler Junior College is partnered with Practice Management Institute to provide medical practice-specific training and credentialing opportunities for working medical professionals.

General Information

Auditing
Continuing Education classes may not be audited.

Class Cancellation
The College reserves the right to cancel any course which lacks sufficient enrollment. Every effort will be made to promptly notify all registered students of any cancellation. A full refund is automatically processed unless the student elects to transfer to another course or section. To avoid cancellations, please register at least one week before the starting date.

All courses listed in the schedule will be taught provided there is a sufficient enrollment in each section to justify the course offering. Time, room and instructor listings are the intention of the College at the time of publication. These listings are subject to change, and are not an assurance to students that they will be taught exactly as published. Students are encouraged to call to confirm that their class has made prior to coming to the first class session.

TJC Vaughn Library
Continuing Education students may have access to the Tyler Junior College Vaughn Library by obtaining a Library Courtesy Card. Simply fill out an application at the library circulation desk and present your completed application to the library circulation desk, along with a government issued photo ID, to receive a Courtesy Card at no cost to you. Courtesy Cards are good for 6 months. Please note that the Courtesy Card users are not able to access online databases while off-campus. Additionally, Continuing Education students may request access to Vaughn Library’s Overdrive collection, which allows the user to borrow eBooks and audiobooks for free. This request may be completed at the same time as the request for a Courtesy Card. For more information, please contact libraryservices@tjc.edu or call 903-510-2502.

Notice to Veterans about Hazlewood Exemption Benefits
Authorized Texas Veterans may utilize their Hazlewood Exemption benefits to attend approved Tyler Junior College Continuing Education classes. Hazlewood Exemption benefits will pay the respective “Fee” for the Continuing Education course but will not pay for the instructional material and will not cover any completely online. NOTE: Dependents are NOT authorized to use Hazlewood for Continuing Education classes! For Hazlewood eligibility requirements, please go to Hazlewood Exemption or TJC.edu/Veterans. The Registration Coordinator, Continuing Education, located at TJC West and in partnership with TJC’s Veterans Affairs Office verifies that the Continuing Education Course is eligible for Hazlewood Exemption benefits. The TJC Veterans Specialist is the approving authority for Hazlewood Exemption benefits at Tyler Junior College. The Veterans Benefits Specialist is located on the TJC central campus in the Rogers Student Center. Registration Coordinator, Continuing Education contact information, 903-510-2947 or Lynne.Morris@tjc.edu Veterans Benefits Specialist: 903-510-2119, by text at 903-300-5644, or by email at veterans@tjc.edu.

Parking Permits
Parking Permits are required for courses that are located on the central campus. Make sure you have received one at either campus before attending class.

Student Grievances/Appeals
If complaints regarding a Continuing Education class arise or to appeal a student dismissal from any Continuing Education course, contact and/or submit a written statement to the Continuing Education Dean in the administrative offices at TJC West.

Mirrored Courses
To register for a mirrored continuing education course, follow the same procedures as outlined for all other continuing education courses. Minimum age for enrollment in a piggyback course is 16. Some mirrored courses may require instructor approval before a student may register.
1. Determine the course and section that you would like to attend.
2. Register for the mirrored continuing education course at TJC West or at the Registrar’s office in the White Administrative Services Center.
3. Proceed to the scheduled class meeting. Be prepared to show your fee receipt marked “paid” to the instructor.
4. Mirrored course students are expected to perform every assignment to receive CEUs for the course.
5. Mirrored courses do not qualify for financial aid.

Record of Achievement: CEUs
Continuing Education Units (CEUs) are a nationally recognized measure of skills or work-related training gained in a continuing education course that meets established criteria. One CEU represents 10 class hours of participation in courses so designed. Continuing Education courses do not earn academic credit.

A Continuing Education CEU transcript may be requested from the registrar’s office at no charge.

Refund Policy
Refunds may be requested in the Continuing Education offices at TJC West. The college refund policy is:
• 100% prior to the first class day
• 100% if class is cancelled by the College
• 80% during the first class day
• None thereafter
Please note: Refund checks are issued in the student’s name and mailed to the student’s mailing address within 2-4 weeks. If paying by check, there is a 2 week wait for checks to clear.

Smoking Policy
To promote the welfare and health of our faculty, staff, and students and to provide a healthier environment for all visitors, TJC West implements the following policy to maintain a tobacco-free campus: TJC prohibits the use of all tobacco products, including but not limited to, cigarettes, electronic cigarettes, smokeless tobacco of any kind, cigars and cigarillos, hookah-smoked products, pipes, oral tobacco, nasal tobacco, as well as any product intended to mimic tobacco products that contains tobacco flavoring or that delivers nicotine other than for the purpose of cessation on all property owned, leased, occupied, or controlled by TJC. This includes all buildings, vehicles, grounds, sidewalks, and streets considered campus property.

Textbooks
Textbooks required for Continuing Education classes may be purchased by the student through the provider of their choice as determined by Texas House Bill 33. Providers may include, but are not limited to, the Tyler Junior College Campus bookstore located on the lower level of the Rogers Student Center, TJC Central Campus or at www.tjcstore.com, Internet providers, publishers or area bookstore retailers. Textbooks are no longer sold at TJC West.

TJC Mission Statement
The College champions student and community success by providing a caring, comprehensive experience through educational excellence, stellar service, innovative programming and authentic partnerships.

Vision Statement
Educate everyone—the path to a better world.

TJC Core Values
Unity: Coming together for a shared purpose to achieve a common goal
Caring: Combining empathy and action to show a generosity of spirit
Integrity: Applying principles of transparency, accountability, authenticity and respect to every interaction
Empowering: Investing in others by providing the means to achieve success
Excellence: Achieving distinction by proactively identifying opportunities and continually raising the bar

Accreditation
Tyler Junior College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate and baccalaureate degrees as well as certificates. Questions about the accreditation of Tyler Junior College may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, by calling (404) 679-4500, or by using the information available on SACSCOC’s website (www.sacscoc.org).

EEO/Statement of Non-discrimination
Tyler Junior College gives equal consideration to all applicants for admission, employment and participation in its programs and activities without regard to race, color, religion, national origin, gender, gender identity, gender expression, sexual orientation, age, marital status, disability, veteran status or limited English proficiency (LEP). TJC respects the legal rights of each person to work and learn in an environment that is free from unlawful discrimination and harassment of any kind.
Sexual discrimination including sexual harassment and sexual violence.

Title IX Grievance Procedure/ Sexual Harassment
Title IX of the Educational Amendments of 1972 (Title IX), 20 U.S.C § 1681 et seq., and its implementing regulations, 34 C.F.R. Part 106 prohibit discrimination on the basis of sex in educational programs or activities operated by recipients of Federal financial assistance. Sexual harassment of students [or employees], which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. By an amendment to the Civil Rights Act of November 1980 and subsequent state legislation, sexual harassment is expressly outlawed and is considered a violation of College policy. Conduct involving unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature shall be considered to constitute sexual harassment when:
1. Submission to such conduct is made, either explicitly or implicitly, a term or condition of academic success.
2. Submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting the student.
3. Such conduct has the purpose or effect of unreasonably interfering with a student’s performance or creating an intimidating, hostile, or offensive environment. Prohibited is any behavior that represents repeated or unwanted sexual attention or sexual advances, when acceptance of such attention or advance is made a condition of reward or penalty.

To file a complaint regarding Sexual Harassment with Tyler Junior College, contact the Title IX Coordinator at 903-510-3155 or by contacting the Human Resources Office at 903-510-2419, which is located on the second floor of the White’s Administrative Services Building. Inquiries concerning the application of Title IX may be referred to the Title IX Coordinator pursuant to 34 C.F.R.§ Part 106.

To review all College policies dealing with Title IX or Sexual Harassment please view the Board Policy Manual. Tyler Junior College gives equal consideration to all applicants for admission, employment and participation in its programs and activities without regard to race, creed, color, national origin, religion, gender, age, marital status, disability, veteran status or limited English proficiency (LEP). Tyler Junior College respects the legal rights of each person to work and learn in an environment that is free from unlawful sexual discrimination including sexual harassment and sexual violence.

Information contained herein, including tuition and fees, is subject to change without notice.
