GENERAL REQUIRMENTS

TJC desires to secure a competitive Workers’ Compensation Insurance Program that will provide the broadest coverage at the most competitive price available. The included specifications and scope of work will allow the College to select the vendor who can provide such a program.

The specifications included with these instructions are to establish a standard of quality desired by the College. Any vendor may submit his proposal on any article which substantially complies with these specifications as to quality. The College reserves the right to make its selections of goods and services purchase, based on its best

judgment as to which products substantially comply with the quality required by the specifications and are the best value for the College.

The contract between TJC and the vendor shall consist of (1) the Request for Proposal (RFP) and any amendments thereto, (2) the Proposal submitted by the vendor in response to the RFP, and (3) any subsequent contract and/or purchase order. In the event of a conflict in language between the three documents referenced above, the provisions and requirements set forth and/or referenced in the RFP shall govern. However, the College reserves the right to clarify any contractual relationship in writing with the concurrence of the vendor and such written clarification shall govern in case of conflict with the applicable requirements stated in the RFP or the vendor's Proposal. In all other matters not affected by the written clarifications, if any, the RFP shall govern, along with the fully-executed contract.

Proposers acknowledge that an agreement or award with TJC may include the following language: Other local, governmental and private entities within the State of Texas who wish to participate under similar terms and conditions contained in this document may do so. TJC may retract pricing and other sensitive information and shall inform contractor in advance of another entity's desire to participate using this document. Each entity wishing to participate must sign an addendum to this contract stating payment terms, conditions and varying terms specific to that entity. If such participation is desired by an eligible entity, all purchase orders will be produced by that entity and all goods and/or services will be provided directly to that entity.

If the service is determined not satisfactory in the judgment of the College, TJC may cancel the contract at any time for breach of contractual obligations by providing the vendor with a thirty (30) day written notice of such cancellation. Should the College exercise its right to cancel the contract for such reasons, the cancellation shall become effective on the date as specified in the notice of cancellation sent to the vendor.

In connection with the furnishing of equipment, supplies or performance of work under the contract, the vendor agrees to comply with TJC's Purchase Order, the Fair Labor Standard Act, Equal Opportunity Employment Act, and all other applicable Federal and State laws, regulations, and executive orders to the extent that the same may be applicable and further agrees to insert the foregoing provision in all subcontracts awarded hereunder.

SCOPE OF WORK AND PROPOSAL INFORMATION

TJC will consider multi-year quotes with rate guarantees or rate caps in one (1) year terms, based on fiscal year funding or appropriations, existing terms, conditions, quality of service, and competitive prices.

TJC desires to secure a competitive Workers' Compensation Insurance Program that will provide the broadest coverage at the most competitive price available. These specifications will allow TJC to select the vendor who can provide such a program.

Vendors may not reserve any market prior to the release date of the RFP. Any markets previously reserved must be released and reserved only on or after the release of the RFP. The criteria for a particular vendor having blocked (or reserved) a market rests solely with the underwriting department of any insurance company with agencies wishing to participate in the RFP process and not with the College. Further, insurance companies have unilateral authority to assign an Agent of Record or honor any existing record of Agent. The College will not issue a Letter of Release of Agent of Record to free the market of any particular insurance company. Because of this, the College will not be responsible for determining a blocked market based on the timing of a particular fax, intent letters mailed or delivered, or consideration of prior/current relationship to any underwriter, other than to enforce the release date.

Additional Items: Following the contract award, additional services of the same general category that could have been encompassed in the award of this contract, and that are not already on the contract, may be added.

Purchase Orders: This project will be initiated by a TJC Purchase Order, along with a fully-executed contract. A valid, numbered purchase order will be emailed or faxed to the vendor by the TJC Accounts Payable Department or TJC employee. Orders will not be placed by telephone.

In accordance with applicable law, the College is not obligated to purchase any products and/or services in the event that the State of Texas or the Tyler Junior College Board of Trustees does not allocate funds. The College will not be responsible for any goods delivered or services performed without its valid purchase order signed by an authorized representative. Contractors supplying goods or services without having first received a valid purchase order do so at their own risk.

Authorized College personnel will notify the vendor of all adjustments and cancellations to any purchase order.

Invoice and Payment Terms: Invoices are to be submitted to the Accounts Payable Department for products and services that have been received or for services rendered. Invoices without references to the purchase order number may delay payment to the vendor. Invoices listing items or services other than those shown on the approved purchase order will not be paid. Itemized invoices must be submitted via email to accountspayable@TJC.edu or mailed to the TJC Accounts Payable Department, P. O. Box 9020, Tyler, TX 75711. Upon receipt of a properly executed invoice and verification of delivery or service from the respective department, payment will be processed in accordance with Texas Government Code, Subchapter B, Payments and Interest, Chapter 2251.021 (b). Terms are to be 30 days net, although contractor may in addition offer early payment discounts for use at the ordering member's discretion.

Tax Exemption: TJC is exempt from payment of federal excise taxes as well as all state and local sales taxes. These taxes are not to be included in the proposal nor on any invoices for goods or services. If taxes are included in the vendor's proposal, it will not be included in the evaluation or award. Tax exemption certificates shall be furnished upon request.

Warranty, if applicable: Contractor shall provide warranty details for parts and labor on proposal form. All materials used on any project shall be new and, if applicable include a manufacturer's warranty.

2. Termination for Convenience

This contract may be terminated by either party upon written notice delivered to the other party at least ninety (90) business days prior to the effective date of termination. By such termination, neither party will nullify its obligations or liabilities already incurred for performance or failure to perform prior to the date of termination.

3. Termination for Cause

TJC may terminate this contract for cause based upon the failure of contractor to comply with the terms and/or conditions of the agreement, or failure to fulfill its performance obligations pursuant to the agreement, provided that the College shall give the contractor written notice specifying the contractor's

failure. If within sixty (60) days after receipt of such notice, the contractor shall not have corrected such failure or, in the case of failure which cannot be corrected in sixty (60) days, begun in good faith to correct such failure and thereafter proceeded diligently to complete such correction, then the College may, at its option, place the contractor in default and the Agreement shall terminate on the date specified in such notice.

The contractor may exercise any rights available under the law to terminate for cause upon failure of the College to comply with the terms and conditions of this agreement, provided that the contractor shall give the College sixty (60) days' written notice specifying the College's failure and a reasonable opportunity for the College to cure the defect.

PROPOSAL REVIEW PROCESS FOR AWARD OF CONTRACT(S)

All properly submitted proposals will be reviewed by TJC. TJC will make the selection, if any, that is the most advantageous to the College based on information provided by the Proposer.

TJC may consider additional information if TJC deems such information relevant. By submitting a proposal, Proposer acknowledges acceptance of the proposal review process.

All responses received as a result of this RFP may be subject to review by a selected College committee for the purpose of selecting the respondent(s) with whom the College shall contract. The College may reject any or all proposals if none are considered in the best interest of the College.

- The College reserves the right to separate and accept and/or eliminate any item(s) listed in this bid that it deems necessary to accommodate budgetary and/or operational requirements.
- The College reserves the right to reject any and/or all bids submitted, to waive any formalities or technicalities, and to make whatever award it deems to be in the best interest of the College.

Proposer is encouraged to propose terms and conditions offering the maximum benefit to TJC in terms of (1) **service capabilities**, (2) **financial ability/stability**, (3) **costs of services to TJC**, (4) **comprehensiveness of the proposal**, and (5) **account management plan**. Proposers should describe all educational, state and local government discounts, as well as any other applicable discounts that may be available to TJC in a contract for the Services.

An evaluation team from TJC will evaluate proposals. The evaluation of proposals and the selection of a vendor will be based on the information provided by Proposer in its proposal. TJC may consider additional information if TJC deems such information relevant.

The criteria to be considered by TJC in evaluating proposals and selecting a vendor will be those factors listed below.

Scoring Criteria:

Experience..... (15%)

- Demonstration of competency and experience.
- For the purpose of evaluating competency and experience, the degree of relevant experience of the Proposer with Texas public entities will be a primary factor.
- Other relevant experience with clients other than Texas public entities which indicate the scope of services, experience and resources available from Proposer with respect to the services sought by the College will also be considered.

Financial Ability/Stability..... (15%)

- Financial strength of the Proposer and/or proposed insurers, as applicable, as determined by the College.

- Costs of Services..... (35%)
 - Total evaluated costs of the proposed insurance coverages and/or services, as applicable.
 - Recognizing that there are important considerations other than costs, the College may not necessarily select the proposal with the lowest costs.
- Comprehensiveness of the Proposal..... (20%)
 - The College will consider one carrier who can provide all lines of coverage in a package format, or will consider various groups, as outlined in the scope of work.
- Account Management Plan..... (15%)
 - The Proposer’s written plan explaining how the Proposer plans to manage this account and integrate its efforts with those of the College’s staff and work processes.
 - Proposer’s plan to have one point of contact between Proposer and College, along with a back-up.
 - Proposer should demonstrate knowledge of unique liability limitations of Texas colleges.

Selection shall be made among the respondents deemed to be fully qualified and best suited among those submitting proposals, including price. If necessary, clarifications of each RFP shall be received from respondents so selected. The College may cancel this RFP or reject proposals at any time prior to an award and is not required to furnish a statement of the reason why a particular RFP was not deemed to be the most advantageous. The award document will be a contract and/or Purchase Order incorporating by reference all requirements, terms and conditions of the solicitation and the respondent’s RFP as negotiated.

After submission of a proposal, but before final selection of a vendor is made, TJC may permit proposer to revise its proposal in order to obtain the proposer’s Best and Final Offer. In that event, representations made by proposer in its revised proposal, including price and fee quotes, will be binding on proposer. TJC is not obligated to select the proposer offering the most attractive economic terms if that proposer is not the most advantageous to TJC overall, as determined by TJC.

Past Performance in Similar Environments: Vendors’ past performance in environments of similar size and scope will be considered. Preference will be given to experience at institutions of higher education and/or community colleges.
