Accompanying policy:

The student understands that if accompaniment is needed for recitals, master classes, rehearsals, etc., it is the student's responsibility to communicate with an accompanist in a timely manner. **Accompanying duties will be divided equally between available accompanists.** Fees, number of rehearsals, duration of rehearsals, and rehearsal location will be decided between the student and accompanist. Students are required to complete an accompanist form and must provide the form to the accompanist. Forms may be found online at www.tjc.edu/music or outside of the music office as needed. Consequences for non-payment or missing rehearsals will be decided between the student and the accompanist. Tyler Junior College faculty, staff, and administration are not responsible for any matter concerning the use of an accompanist.
