

## Tyler Junior College's Travel/Study Program in Greece

### Scholarship Information

Contingent upon funding by the Student Service Fee Advisory Committee (SSFAC), **Tyler Junior College's International Education Club** may partially fund the TJC students' expenses for the Travel/Study Program in Greece. Each TJC student may receive about \$1,000. It may be a little less or more. The exact amount will be determined by the number of participating students and availability of the fund. The awarded students will be selected from the pool of applicants who submit materials on time, and who meet both merit and need. Special considerations will be given to those students who demonstrate not only an economic need but who will obtain specific experience in their academic careers. Preference will be given to the full time students. **The scholarship may not be renewed.**

**All application materials should be received by Jan. 25, at 5:00 p.m. of the traveling year if not before.**

Students who apply for a scholarship must meet all published criteria in order to receive the award. Applicants must be current TJC students in the spring semester of the year they travel. Essays and applications will become the property of Tyler Junior College. All decisions by the college will be final. The award recipients will be notified as soon as the committee selects the students by February 1st of every year if not earlier.
